# GERMANS ORGANIZE NEW CABINET

## TO CALL FOR SHOWDOWN ON LEAGUE MONDAY

## HERR BAUER IS NAMED NEW HUN PREMIER

### Foreign Minister Opposes Ex-Kaiser's Return to Germany

[By The Associated Press.]
BULLENTIN.

WEIMAR, Friday, June 20.—(By the Associated Press)—Caucuses of the three principal parties, voting Thursday night on the question of singing the peace treaty, resulted as follows:

Majority Socialists 75 in favor of singing the treaty and 39 against; Democrats, one (Baron Von Richthofen) in favor of signing and 58 against; Centrists, 4 in favor of unconditional acceptance and 69 for conditional acceptance.

BERLIN, June 21.—(By the Associated Press)—A new German cabinet has been formed under the premiership of Herr Bauer, formerly minister of labor, with Dr. Hermann Mueller, the majority Socialist leader, as minister of foreign affairs.

The other members of the cabinet are:

Minister of the Interior—Dr. Eduard David.

Minister of Finance and vice-premier—Mathias Erzberger.

Minister of Economics—Herr Wiszell.

Minister of Labor — Herr Schlicke.

Minister of the Treasury—Herr Meyer.

Minister of Post and Telegraph —Herr Ciesberts.

Chief of the Colonial Office—Gustav Noske.

Minister of Food—Dr. Schmidt.

No appointment has been made to the ministry of justice. Herr Meyer the new head of the treasury department is a native of Kaufbeuren, Bavaria.

Herr Bauer, the new premier is a Socialist and held the post of minister of labor. In the course of his official duties he has had much to do with the striking workmen and recently brought about a settlement of the general strike in Berlin.

Dr. Mueller has become one of the leaders of the majority Socialists since the revolution. He was party whip in the national assembly. In a recent speech Dr. Mueller declared that the former German emperor was not wanted in Germany and that he belongs in a "pathological ward."

The name of Eduard David has been linked with that of Phillip Scheidemann as one of the leaders of the German socialist party in the Reichstag since before the war. From 1915 to the time of the revolution last November, David in his speeches in the reichstag opposed a war of conquest by Germany. Dr. David was a member of the original German delegation to the peace conference but retired in favor of Herr Landsberg on account of ill-health.

Matthias Erzberger was head of the German armistice commission and is one of the leaders of the Centrist or clerical party.

The famous reichstag peace resolution adopted in July, 1917 and declaring for "peace without annexation or indemnity" was the work of Erzberger.

Gusav Noske became a leading figure in German politics under the Republican government set up in Germany with Friederich Ebert as president. Herr Noske was a storm center early in the year because of his drastic measures as minister of defense in putting down the Spartacan uprisings.

He policed the country effectively, but incurred the criticism of those who objected to his firm tactics in dealing with all opposition. Many summary executions followed an order issued by him that all persons found fighting the government forces should be shot imediately.

**Peace Circles Optimistic.**

(By The Associated Press)

Peace conference circles view the situation with optimism and plans for the signing of the treaty today are being carried into execution. The conference has not received any official communications or requests from the Germans. Reports from Berlin however, Mathis Erzberger, head of the German armistice commission, is sending the conference a request that Germany be admitted to the league of nations, ,that the purpose t otry the former emperor be not pressd and that the German indemnity be placed at one hundred billion marks gold. There is no official confirmation of this and a report from Weimar received in Copenhagen says it is not in accordance with the actual facts.

A state of siege has been declared in the region of Munster, east of the Rhine in Westphalia. Spartacan disturbances are reported to have led to the proclamation.

The Italian cabinet situation has not yet cleared up. Francisco Nitti, former minister of finance, apparently is continuing his efforts to form a ministry. It is reported that Tomasso Tittoni will resume his old post as foreign minister.

## Labor Re-Elects Gompers Head Of Assembly

(By The Associated Press)

ATLANTIC CITY, N. J., June 21.—Samuel Gompers was re-elected prsident of the American Federation of Labor at the organization's convention here and was voted a salary of $10,000 a year. One radical voted against the re-election of Mr. Gompers and a handful of delegates sat in their chairs while the rest staged a demonstration in honor of their leader who said his election was organized labor's answer to its traducers and opponents.

**To Investigate Resolution.**

Second in importance was the adoption of a resolution directing the executive council to investigate and take action in regard to a joint resolution now before congress providing for establishment of a conference of industrial heads in accordance with plans recently announced in Washington by Basil M. Manley, joint chairman of the national war labor board. According to information submitted to the convention the plan would bring together industrial heads and labor leaders to study problems affecting capital and labor and sugesting remedial legislation.

Mention of the proposed plan brought a storm of denunciation from the delegates, radicals as well as conservatives.

Andrew Furuseth of the seamen's union said that in reality the proposal, if dopted by both houses of congress, meant inauguration of a commission form of government, "which is a form of government despotism that would shackle, not liberate."

President Gompers announced he had sent a telegram to sponsors of the resolution in the senate and house as soon as he heard about the plan.

## EXONERATES SERBIA FROM RESPONSIBILITY

BERNE, Friday, June 20.—French Wireless Service—An official telegram to the Vienna foreign office exonerating Serbia from responsibility for the Sarajevo murder, has been published by Maxiliam C Harden in the Berlin Zunkunt as a part of the mass of evidence to show German responsibility for the war.

This telegram dated July 1, 1914 states plainly that the Serbian government against which no evidence can be produced has no responsibility for the murder.

This document, Herrr Harden said, was cancelled and ten days later the ultimatum to Serbia was presented. In addition he said, seven days before it was drafted the Potsdam war council alreay had arranged a plan of action in anticipation of Russia's intervention.

"Von Bethmann-Hollweg may have forgotten it," Herr Harden says, "but this decision was taken and registered on July . . before the kaiser left for the north and he had to choose between war and peace had already chosen war. A hundred million individuals were thus deceived."

## WARSHIPS TO QUIT TRANSPORT SERVICE

WASHINGTON, June 21.—Battleships and cruisers now used in transporting American soldiers from France will be withdrawn from that service by July 15. Those now in Atlantic ports will not return to France, but those overseas or enroute will complete present trips.

Announcement was made at the navy department today that the vessels would be re-converted immediately for use with the fleet.

Practically all of the battleships of the pre-dreadnaught tlpe and most of the armored cruisers have been used in the transport service.

Withdrawal of the warships was made possible, officials said by the rapid progress that has been made in returning the troops and the assigning of additional merchant vessels to this service.

## BATTLESHIP BRINGS TROOPS

Newport News, June 21.—The Battleship Nebraska, from Brest, arrived today with 1,224 returning troops, including the 19th Machine Gun Batallion, complete 928th Company, Transportation Corps; Ice Plant No. 301, and Veterinary Hospital No. 10.

## HUNS SCUTTLE MOST OF THEIR INTERNED FLEET

### Crews Take to Boats When Ships Begin to Settle

(By The Associated Press)

LONDON, June 21.—The German officers and sailors, forming the complements of the German ships interned at Scapa Flow sank most of their fleet today. All the big ships, the battleships and battle cruisers, excepting the Baden and numerous smaller craft were sunk, while others went ashore in a half sunken condition.

Eighteen destroyers were beached by tugs; four are still afloat, while the remainder went under.

The wholesale sinking of the German ships, which were surrendered under the terms of the armistice, was carefully arranged by officers and crews. All explosives had been removed, and therefore, the only means of destroying the fleet was by opening the seacocks. The ships went down slowly, with the German flag, which the crews had hoisted, showing at the mast heads.

The crews, composed entirely of Germans, under the terms of the armistice, which did not permit of British guards aboard, took to the boats when the vessels began to settle. While making for the shore the boats were challenged and called upon to surrender. Some of them ignored the summons and were fired upon, a few casualties resulting. This stroke apparently was an entire surprise and the first news reached London thru a correspondent who was informed by farmers in the neighborhood that they had seen the German ships sinking with their flags aloft.

The admiralty at first denied the report, but later confirmed it and issued an official statement.

The German officers and crews have been made prisoners. None of the officials tonight would offer an opinion as to how they are to be dealth with.

When the German high seas fleet surrendered last November and was taken to Scapa Flow, it comprised nine battleships, five battle cruisers, seven light cruisers and fifty destroyers. As far as is known all the ships are still at Scapa Flow. The battleships at Scapa Flow are the Kaiser, Kaiserine, Koenig Albert, Bayern-Markgraf, Kron Prinz, Wilhelm, Prinz Regent Luitpold, Grosse Kuerfuerst and the Frederich der Grosse, averaging about 25,000 tons each. The battle cruisers are the Seydlitz, Hindenburg, Moltke, Von Der Tann and Derflinger.

## PREPARING OFFICIAL COPIES OF TREATY

PARIS, June 21.—By The A. P.—The official copies of the peace treaty, to be signed by representatives of Germany and the allies now are being prepared in the office of Paul Dutasta, general secretary of the peace conference according to Marcel Hutin, writing in the Echo de Paris.

Each of the allied representatives whose names must appear have been asked formally for specimens of their signatures and their seals.

## WEATHER FORECAST FOR COMING WEEK

WASHINGTON June 21.—Weather predictions for the week beginning Monday are:

Region of Great Lakes—Showers Monday or Tuesday upper lake region and Tuesday or Wednesday lower lake regions. Generally fair thereafter. Temperature will average above normal.

Upper Mississippi and Lower Missouri Valleys—Local thunder showers probably early days of the week, generally fair thereafter. Temperatures will average above normal.

## VON BERG DINES WITH KAISER

AMERONGEN, Thursday, June 19.—By The Assd. Press.—Frederich von Berg formerly chief of the civil cabinet of William Hohenzollern, dined last night at the von Bentinck castle, where the one time monarch is staying. Today there was a continued runnin of motor cars from and to the castle.

This morning the former emperor engaged in his usual task of sawing trees, of which he yesterday completed his five thousandth.

## Yankees Ready In Case Huns Refuse to Sign

(By The Associated Press)

COBLENZ, Wednesday, June 18.—By the Associated Press.—Divisions of the Third Army after being away from battlefields and war scenes for seven months have again plunged into the stirring activities which generally precede the actual thunder of war. An army unperturbed by the work of the peace conference and thinking of hime has suddenly been galvanized into the life the soldiers knew before the armistice. It is today moving forward toward the edge of the great semi-circle which marks the dividing line between the occupied areas and the neutral sections of Germany.

**Order Preparations to March.**

This was a move stirring day at Third army headquarters and among the first and second divisions holding the east bank of the Rhine since the Americans moved in six months ago. Late yesterday orders were flashed from headquarters in Coblenz to the divisions across the Rhine ordering them to prepare to march into the zone of concentration.

While the civilians in the small towns looked upon the military activities sometimes with bewilderment, the soldiers rushed to finish their packing and to find their helmets, rifles and gas masks, which had been issued previously.

**Second Division First to Move.**

The Second Division was the first to move, getting under way early today. Along the Sayne Valley which meets the Rhine near Neuweid, which has been the division headquarters the Second with its infantry, machine guns, artillery and all paraphernalia of war pushed forward.

All day clouds of dust, followed the movement of the tractors and guns of the 17th Field Artillery which moved from the fortress of Ehrenbreitstein out to the edge of the bridgehead. Tonight the American soldiers are sleeping beneath the sky in the open fields. With the infantry are engineers, sanitary trains and signal corps men, who strung wire as they went ahead. Even observation balloons moved up to get a better peak into Germany if the allied peace terms are not accepted.

The concentration of the First Division is well under way and will be completed before Saturday night.

**Could Operate a Year.**

Washington, June 21.—Army officials here said today the American army now preparing to advance into Germany could operate as an entity separate from its home base for a year or more if circumstances should require. They declared the force of 225,000 men probably was the best equipped than ever had been assembled.

The personnel was described as practically "hand picked' with equipment of the most modern type. Great depots situated in the area behind the Coblenz bridgehead were filled with the best of the reserve supply of each division detached and returned to the United States before the remaining surplus was concentrated further in the rear for disposal.

In the event of an advance, it is the opinion here that the first and second divisions will be active elements with the third and fourth as the immediate reserve and fifth holding the third line.

## TRANSPORT DOCKS AT PHILADELPHIA

PHILADELPHIA, June 21. — The Transport Ohio bringing 1,622 troops docked here today one day overdue. Aboard the vessel are the following units:

Tweatieth Enginers, 48th Company, which will be sent to Camp Dodge and Camp Grant. There are also on board casual company 1520; casual company 1513 of Iowa, casual company 1511 of Virginia and casual companies 1514 1516 and 1506.

A small number of relatives of the heroes went down the Delaware river and met the transport at Chester. Virtually all of the men on the Ohioan are from the south and west.

**WILSON MEETS COMMISSION.**

Paris Friday, June 20.—By The A. P.—President Wilson met the American members of the supreme economic commission today to consider whether that body should be discontinued.

The economic commission was created for the period of the armistice which expires with the signing of the peace treaty.

## Voices Brazil's Admiration For United States

(By The Associated Press)

WASHINGTON, June 21.—Brazil will rejoic in continuing to develop more and more the relations that bind her to the United States, President-elect Epitacio Pessoa of the Brazilian republic declared tonight at a dinner given in his honor by the vice-president of the United States.

The distinguished visitor took the first occasion after his arrival here as the guest of the nation to express the admiration of the Brazilian people for this country and to pledge their continued friendship. It was the entrance of the United States in thewar, he said, that had a decisive influenc on Brazil's procedure.

Arriving here aboard a special train from New York, President-elect Pessoa and his party were met by high government officials and taken to a private residence set aside for their use. Shortly thereafter Acting Secretary of State Polk called and escorted him to the white house where he was received by Vice-President Marshall and formally welcomed to Washington.

Meanwhile the wife and daughter of the president-elect were taken to a hotel where Mrs. Marshall rceived them.

In proposing at the dinner tonight a toast to the president and vice-president and to the United States, Dr. Pessia said Brazil's friendship "increased with the confidence you were able to inspire in the Brazilian people in the solidarity you always showed them for the defense of their rights and legitimate interests in every phase of their history.

## ELECTRICAL WORKERS SANCTION STRIKE

SAN FRANCISCO, June 21.—A strike of telephone operators and electrical workers now in progress thruout California and Nevada has ben sanctioned by the Internaional Brotherhood of Electrical Workers, according to a statement issued here today by L. C. Grasser ,international vice-president of the organization.

Grasser said he had been informed by D. P. Fullerton, superintendent of plants of the company at a conference with the latter today that the company would reply definitely to the strikers' demands next Monday.

**Grant Grasser Authority.**

Springfield, Ill., June 21.—Authority to call a strike of union telephone operators and linemen employed in the Pacific Coast District has been given to L. C. Grasser, vice president of the district, according to Secretary Charles P. Ford of the International Brotherhood of Electrical Workers who said today that if differences between the companies and the unton men were not settled soon he expected the strike would become general thruout the district.

Five states are included in the district. They are Arizona, California, Nevada Washington and Oregon.

## WINNIPEG UNDER MARTIAL LAW AFTER RIOTING

### One Killed, Score Hurt in Afternoon Fighting

[By The Associated Press.]

WINNIPEG, Man., June 21.—Winnipeg, strike torn since May 15, is under martial law tonight. After fighting this afternoon between thousands of strikers and the city provincial officers, one man was killed, another injured probably fatally and more than a score hurt, Mayor Charles F. Gray formally turned over the city to the protection of the military forces.

**Gen. Ketchen in Charge.**

General H. D. B. Ketchen announced early tonight that he has taken full charge of the situation. At 7 o'clock rioting had ceased and the victims of the fighting were in the hospitals. Scores of alleged rioters are in custody.

Three incidents taking place in quick succession in mid-afternoon precipitated the most turbulent scenes in the history of Winnipeg. Several thousand strikers and strike sympathizers, including some returned soldiers were participating in a "silent" parade. A street car attempted to get thru the crowd on Hain street. Some of the paraders became openly hostile and when mounted police came down the street to clear the thorofare the parade quickly was turned into a rioting mob.

For nearly two hours the scarlet riders, reinforced by returned soldier constables and policemen, fought the rioters. The mounted police fired at the men who attacked and sought to pull them from their horses. Mike Sokolwokie, a registered alien, fell dead with a bullet in his heart.

**Crowd Uses Weapons.**

Men in the crowd attacking the police also used weapons. J. Robert Johnstone, a returned soldier, was shot in the knee.

Jack Barrett, an onlooker, was shot in the thigh. Scores of police and pedestrians were struck by bricks, clubs and other missiles, trampled by horses or knocked down by the mob.

As soon as the military took charge, armored cars and troops with fixed bayonets made their appearance and the crowds began to disperse.

It was announced that three hundred alleged rioters are in police cells. The troop of the Royal Northwest Mounted Police engaed numbered only 53 men and few of these escaped without wounds or contusions. The horses suffered in like degree, one bing ebiindd by a lump of concrte.

The street car service in part, resumed during the past three days, has automatically come to a stop.

## DEMPSEY BACK INTO FULL SWING

TOLEDO, O., June 21.—Jack Dempsey, matched to meet Jess Willard for the heivyweight championship here July 4 got back into the full swing of his boxing today after a ten day lay off due to a cut over his right eye and stepped five bristling rounds with Serqeant Bill Tate and the Jamaica Kid.

The challenger went thru his paces before a crowd of 3,000 persons. The sun-burned Dempsey wore a patch over his damaged eye, but pulled it before boxing two rounds and ripped into his sparring mates to the delight of the throng. Kellar left the ring with a puffed and bruised eye as a result of a savage left hook landed by the challenger.

Willard confined his workout to eight rounds. The champion was lenient with his sparring partners. Jack Heinen who was knocked out for the third time yesterday, was unable to don the gloves because of an injury to his neck caused when his head struck the floor of the ring.

## CASUALS RETURN

New York, June 21.—The French Line Steamer Rochambeau arrived here from Havre today iwth 872 troops, all discharges and casuals. The casuals were organized into companies from Texas, Iowa, Missouri, Tennessee, Nebraska and scattered points.

## REDUCE CHARGES

Washington, June 21.—Substantial reductions in demurrage charges were announced today by Director General Hines. For detaining cars, either loaded or empty, the charge will be $2 per day for each of the first four days and $5 per day for each succeeding day.

## Army Ready To Cross Border If Villa Acts

[By The Associated Press.]

WASHINGTON, June 21.—Redevelopments along the southern border and within Mexico itself it was officially announced have brought a radical change in the attitude of this government toward Mexico. It can be stated on positive authority that "watchful waiting" has been discarded for "watchful preparedness."

**Perfects Plans.**

The war department has perfected plans to throw a punitive expedition of adequate strength across the Rio Grande the moment word is received of reprisals on the part of Villa for the Juarez incident or in case of other contingencies tending to bring the Mexican situation again to a stage approachig the crisis of last Sunday.

Orders for the advance of this column, however, it was said, would be accompanied by instructions for the military occupation of territory necessary to insure the safety of the expedition and absolute protection for the border thru the creation of a neutral zone south of the line.

Further movement of the expedition would depend entirely on subsequent developments.

**Do Not Believe Reports.**

Military observers here place little credence in the reports that Villa has abandoned his offensive to the north. Economic as well as military necessity, it was pointed out call for the elimination of the Carranza garrisons now stationed on the flanks of the territory now controls and for possession of a principal frontier entry port which would give the rebel chieftain fresh sinews of war in the shape of customs duties and equipment.

Altho three federal generals are now operating against Villa in Northern Mexico confidential reports to the war department are not optimistic regarding the success of the Carranzista campaign there while the withdrawal of badly needed troops from the south, it is expected will be followed by fresh incursions of the Felicistas—already at the very gates of the capital.

The Carranza military establishment acording to official reports filed here actually includes less than 40 per cent of its paper strength of 160,000 and its military value is decreased by the doubtful loyalty of some of the high officers and the fact that hundreds of recruits were forcibly conscripted.

**Villa Strongest Rebel.**

Of the rebel action of which there are said to be seven opposing Carranza, Villa is reported to be the strongest. Angeles is characterized in official circles as "undoubtedly the most skilled military leader south of the Rio Grande." The Villistas are conservatively estimated to number ten thousand equipped with fairly modern arms, including cannon up to 105 millimeters in calibre.

So serious is the condition faced by President Carranza that he is said to be bending every effort to secure the direct support of the United States in maintaining his power. This according to officials here accounts for the ease with which the Juarez incident was closed. One of the principal purposes of the recent visit to Washington of General Candido Aguilar, son-in-law of the president and a member of his cabinet, it is declared was to secure this support by the United States. General Aguilar was authorized, according to reports, to settle the oil question and other matters that have caused friction between the two countries.

## TWO AVIATORS KILLED

Houston, Texas., June 21.—Lieut. O. E. Grazier, Richmond, Calif., and Lieut. William F. Baer Detroit, were the two army aviators killed when the plane crashed to the ground at Del Rio, Texas yesterday, according to the official report received at Ellington Field, here today.

## KNOX TO BRING RESOLUTION UP IN SENATE

### Borah Threatens to Quit Party — Root Submits Change

(By The Associated Press)

WASHINGTON, June 21.—The league of nations controversy in the senate was enlivened today by a series of developments accepted as foreshadowing the lines into which the final ratification fight may fall.

Elihu Root, secretary of state under President Roosevelt laid before the foreign relations committee a program for acceptance of the league with certain reservations.

**Threatens to Leave Party.**

Senator Borah, Republican of Idaho, gave notice in a senate speech that he could not remain in the Republican party if it failed to take a more definite stand against the league.

Senator Hitchcock, Democrat, of Nebraska, replied that no party dared stand against the league proposal and declared the covenant was assured of ratification by Republican votes.

Senator Knox of Pennsylvania decided to call for a showdown of senate opinion Monday by bringing in his resolution declaring the treaty cannot be accepted with the league covenant attached.

Of these developments the recommendation of Former Secretary Root presented after two days of conferences here with league opponents attracted widest discussion tonight because it was regarded as embodying a plan on which an appeal is likely to be made for unity of action by all of those who do not fully approve the Paris covenant.

**Would Soften Obligations.**

The reservations which Mr. Root suggested should be written into the senate's ratification resolution would be designed to soften the nations' obligations for guaranteeing the integrity of foregin countries and to further safeguard the Monroe Doctrine the right of withdrawal from the league and the determination of purely domestic problems. These reservations could be made the former secretary declared in perfect harmony with the traditions of diplomacy and without endangering other league provisions.

The decision to bring up the Knox resolution was reached after a conference of leaders had agreed that some vote revealing the exact state of senate opinion would clarify the air and strengthen the position of league opponents. There were rumors tonight that this decision might be reversed, however, and a substitute for the Knox measure bright in later in the week. But it seemed certain the opposition was determined to show its strength in some concrete manner before the treaty is submitted for ratification.

**Borah Reads Petition.**

Senator Borah made his threat of withdrawing from his party during a sharp debate, started when the Idaho senator read into the record a petition signed by 28 prominent New York Republicans asking that the treaty be ratified without delay. Among the signers were George W. Wickersham, former attorney general and Oscar S. Straus former ambassador to Turkey who were bitterly assailed by Mr. Borah.

Mr. Strauss was talking to several senators just outside the senate chamber when the speech was made.

The speaker also quoted an appeal of former President Taft against the Knox resolution in which Mr. Taft urged that politics should stop at the water's edge.

"I agree with that parfectly," continued Mr. Borah. "Does politics stop at the water's edge regarding the Monroe Doctrine? Yes, but on this side of the water. And so with a multitude of other things in this covenant. It is unconceivable that this can be kept out of politics for the people have no way to express themselves except thru political parties."

"Was that the view of those who signed the round robin?" interrupted Senator Pomerene, Democrat of Ohio.

"I can only assume to speak for mystelf," replied Mr. Borah. "There never was an instant when I would not have denounced my party as cowardly if it had

### THE WAY TO HANDLE BOYS

Peter Mortenson, superintendent of schools of Chicago by virtue of the action of Mayor Thompson may or may not be the equal of Mr. Chadsey whom he supplanted in office. However, Mr. Mortenson is in the right path in declaring that Chicago school buildings and play grounds shall be used for the children during the summer months. He says:

"Every school building in Chicago is to be made the center of the days of real sport this summer; all playground equipment, every gymnasium, will be used for the children.

"We're going to keep the kids out of the streets, where they play at the risk of their lives; away from the dangerous influences and out of trouble by letting them show us how to play and by furnishing the best facilities.

"Boy auto bandits are simply boys with their energies turned the wrong way. We want them in our gang."

### PEACE LEAGUE DISCUSSION.

Senator Sherman added nothing to his popularity nor to his reputation for wisdom or statesmanship by his effort to inject the religious differences into the discussion of the League of Nations. The speech was somewhat milder than is the senator's wont but added nothing of important information to the general discussion. The report from Washington indicates that the Knox resolution on the league covenant will not have united support of the Republicans and will not pass.

There are senators who are genuinely opposed to the league plan in its present form, who do not sympathize with the Knox resolution, which really purposes to tear down the covenant. These men lean more toward the attitude of Senator Spencer, who while opposed to some provisions of the covenant, seeks its ultimate preservation. The spirit that Senator Spencer is showing is of the conciliatory kind that occomplishes something. Yet it is not his purpose to surrender the principles for which he had been standing.

### THE FARMERS ARE IN EARNEST.

Not a great deal of attention has been paid to the national organization of farmers which began a few months ago. Nevertheless it is gaining strength constantly and before a year finishes will be a factor to recon with in a national way. An example of the interest that farmers are taking in this farmers organization of the U. S., is found in McLean county, where a great percentage of the 2,308 members of the county farm bureau are dentified with the state association, which is a part of the national organization. These farmers have grasped the possibilities that are before them thru united effort and realize that if they want to be heard at Washington when questions affecting their interests are discussed, that their new organization will provide the way.

It is just a question of cohesiveness and of willingness on the part of the farmers to work together as to what may be accomplished. They are the real producers. Their industry is basic and the wonder is that the understanding of what they can accomplish thru a united front has not been realized.

### LEGISLATURE GAVE NEW FINANCE POWER TO CITIES.

The legislature after thoro discussion of the big subject came to the financial relief of cities. The law was passed authorizing a tax levy of $2 instead of $1.20 on $100 of valuation. A change was made in the bonding law which increases the legal bonded indebtedness of cities by about 33 1-3 per cent. In the past the the legal bonded indebtedness of cities was 5 per cent of the assessed valuation. It will be possible under this new law for the Jacksonville city council if it so desires to anticipate the taxes on the new rate which would make about $25,000 available shortly after July 1. The change in the bonding law also provides the way for Jacksonville to build a filtration plant if the people should decide to authorize bonds for this purpose.

So far as known no member of the city administration is on record with views with reference to either of these projects. It is known, however, that Mayor Crabtree, like a great many citizens, is opposed to the plan of anticipating the city's taxes. That is, if any other way of financing can be found. However, as this has been the custom which has prevailed so many years here and as is the custom in practically every other city of like size or larger, it is doubtful if any other plan can be evolved.

Another fact which will no doubt finally influence the members of the city council is that the city now owes so many thousand dollars in claims held by hundreds of citizens, which if sued on will bear interest. This condition means that in all probability claimants against the city will seek to impress the council that it will be better to find some early way of paying claims rather than to have suits filed or in prospect.

One thing is certain, the city council will be found doing what a majority of the people really want done.

### AN ORGANIZATION WITH A PURPOSE.

Morgan county soldiers are to organize a chapter of the American Legion of Honor. This is an organization in which the American soldiers of the great war are banding themselves together "to uphold and defend the constitution of the U. S., to maintain law and order, to foster and perpetuate a 100 per cent Americanism; to combat the autocracy of both the classes and the masses."

These sentiments are only a few of those outlined in the constition of the league, but they are enough to show its lofty purposes and ideals—What such an organization may mean for its members and for the country. Bolshevism will have its answer when the league organization has been thoroly perfected, with its membership extending thru every state in the union.

## Rippling Rhyms
### By Walt Mason

**TRANSIENT**

The rosebush blooms a little while beside my cottage door; a week or two it puts on style, and then it blooms no more. With lovely things 'tis always thus, they're doomed to swift decay; a little while they stay with us, and then they fade away. And while I toll the passing bell, a bird sings in my ear, "You would not love them half as much if they were fixtures here." If roses spangled every lawn, as dandedions do, we soon would wish the blamed things gone, and countless rags we'd chew. Today has been a perfect day, sofe breezes zipping by, and not a sullen cloud or gray obscured the azure sky. The birds put up a sweet refrain, their voices sweetly blent; and everything was safe and sane, so far as climate went. But if we knew that every day would be the same as thies, would such a weather program pay, would it insure our bliss? The order of the universe is change—let that suffice; we always know there's something worse in store for us, than ice. The rose that blushes by your door must shortly meet its doom; but in a day or week or more bull-thistles there will bloom.

### WILL HAVE REUNION

Mrs. Leonora Wright received a telegram Saturday morning from her son, Sergeant William H. Wright, that he had arrived from overseas and was at Camp Mills awaiting discharge.

Sergeant Wright has been a resident of California for the past twelve years and enlisted in that state. He was with the 316th ammunition train, 91st Division. He expects to receive his discharge soon and will come thru Jacksonville on his way home to visit his mother.

Stanley Wright of California arrived in the city a few days ago after an absence of ten years. His sister,, Mrs. Bertha Coffman and baby of Chicago are also expected to arrive soon and Mrs. Wright is one of the happiest women in Jacksonville in anticipation of having all her loved ones wth her again.

### RECEPTION FOR LITERBERRY SOLDIERS

The reception given Saturday evening by Mr. and Mrs. W. H. Crum and Mr. and Mrs. F. H. Crum of Literberry was one of the most pleasant social events yet given in honor of returned soldiers. The home of Mr. and Mrs. W. H. Crum was thrown open to the soldiers and their relatives and friends and a company numbering eighty five spent several hours in a delightful way there. A luncheon was served at 6 o'clock and this was followed by an excellent program of music, selections being given by Mrs. Durrell Crum on the piano and Oliver Lindsey, violin.

Miss Bernice Bubsch of Winnetka, Ill., is here for a short visit with her aunt, Mrs. Minnie Keating.

The Woman's Foreign Missionary Society of Grace church will hold their social meeting at the home of Mrs. John Berry, 1260 West College avenue Tuesday afternoon at 3 o'clock.

### INDEES WILL HAVE CENTENNIAL TEAM

**Strong Springfield Aggregation Will Play Today—Several Players Known to Local Fans With Tam.**

The strong Centennial team of Springfield will be the Indees' opponents at Indee Park this afternoon. It is the first Springfield team to play here this season and no doubt the fans will turn out in large numbers to greet them.

The Centennials have been putting up a fine brand of ball this season and only a few Sundays ago played a 1 to 0 game against Kincaid which went 19 innings. Dove pitched the game and Lancaster, one of the best southpaws in central Illinois, was on the mound for Kincaid.

Dove pitched for the centennial team here last year and the Indees won the game. However, he is going much better now than a year ago. In addition to this he has a better team behind him.

Among the players on the Centennial team are Fernandes, who played short for the Eagles in 1916, Flanigan and Watling. All of these men are good ball players and others on the team represent some of Springfield's best talent.

In spite of the fact that this aggregation looks stronger than any that has appeared here this season, the Indees expect to take home the bacon. Manager Smith will offer the same lineup he has used all season, with White or Symour on the Mound.

The teams will line up as follows:

Centennials — Fernandes, 2b; Watling, ss; Burns, cf; English, 1b; Flanigan, 3b; Kroeschner, c; Alewelt, lf; Shaughnessey, rf; Dove, Elliatt, Clark, Fuick, p.

Indees—Ruble, 2b; Wheeler, 1b; Briggs, ss; Riggs, cf; Clark, c; Christopher, lf; DeFrates, 3b; Wilkerson, rf; White, Seymour, p.

Clarence Lee Taylor arrived at his home north of the city Saturday morning from Camp Taylor. He arrived in New York last week and was sent to Camp Taylor where he received his discharge. He now sees his baby boy for the first time. The little fellow's name is David Kenyon Taylor.

Mrs. T. A. Dawson has returned to her home in Roodhouse after a visit at the home of her sister Mrs. W. I. Crabtree on East Greenwood avenue.

### LAND SOLD

The Slatten land, consisting of two 30-acre tracts, was sold yesterday by Henry W. English as auctioneer. The prairie tract was sold to J. T. Sample at $275 per acre and the timber land to the Wheeler brothers at $72.50 per acre. The land is located in the vicinity of Savage station. Judge W. E. Thomson was attorney for the estate.

Robert Lushbaugh, 715 East State, is visiting with relatives and friends in St. Louis, for a few weeks.

### BOYS AND GIRLS ENJOY WEEK AT MATANZAS.

The Loyal Sons and Faithful Followers of the Central Christian church have spent a most enjoyable week at Matanzas and will return this evening.

Several of the gang have showed up well in swimming and fishing. Baker, Bowlman and "Holly" being in the lead in swimming, and Darr in fishing.

Hiking to Havana proved very popular, especially among the boys who tried to satisfy the girls love for lemon-drops. This could be especially applied to Greenie as Helen loves lemon drops—tres, tres much.

Eliza Jane Hall's purse also felt the elephant's foot, when he had filled Katie Gustafson mit peanuts.

Among those whose purses which would meet the requirements of the C & P. reached Havana. Tres bien, and highly recommended Walter's cafe to any one who demands a high class mess. (omitting all peanuts and lemon-drops.)

The stage will evidently claim some of the bunch, some day, some how, some place some time, probably soon. For Eliza Jane Hall is bound to star in the greatest feminine role yet carried by good Sol. He will probably exhibit some of Kitty Gordon's noted Parisian gowns.

Mr. Green also shows symptoms of leading the vampire world — smashing all previous record as a heart-breaker. (all small boys in the class, please copy.)

The picture which remains most vividly in our minds, is a view of San-Souci Cottage, or the porch rather, about 2:30 o'clock most any night.

Leurig and Ingrim succeeded in holding one end of the old green willow bench down, assisted by Baker and Greenie. Paul and Jene preferred single chairs, Bob and Edith ditto.

Katie Owens and Brother Scarlet under-estimated the weight of their feet and Mr. Hammock spilled them very easy. No bones reported broken, as yet.)

Darr was well cared for by Miss Fannie, who proved a most able chaperone, and will no doubt be chosen again next year--that is—if Mr. Green's prophecy in regards to the posters, and Sunday night is not fulfilled.

An Uninterrupted Trust
Suppose, in your will, you have created certain trusts which will continue for years after your death. Let us assume that the trustee you have named is an intimate friend or a relative. And suppose he dies, as all individuals must, his death occurring before the completion of the trust. What complications may arise in the choice of a new trustee? What difficulties may he not encounter in taking up and comprehending the affairs of the estate and the plans which governed his predecessor?
Would it not be far better to name a Trust Company—this one—which cannot die, and give your estate the assurance of continuous management, no matter how far into the future the trust extends? At any rate, let us discuss this important matter with you.

The **Clark Jewel** and **Revonoc Oil Stoves** are giving splendid satisfaction wherever used. We carry them in sizes to meet every family need. An Oil Stove is a hot weather necessity in every household — keeping the kitchen cool and comfortable at all times. It makes an intense heat–but only where wanted — directly against the bottom of the cooking vessels.

**Duplex Fireless Stove**

You can cook your entire meal in a Duplex, which has many superior points over any other fireless cooker. The cooking vessels are larger and deeper. The stone disks are protected from chipping by an aluminum band and can be heated in 10 to 20 minutes over gas, gasoline, alcohol or oil flame sufficiently hot to cook the entire meal.

In refrigerators we offer you the two best makes we know of — the **Sitka** and **Success.** Both of these ice boxes are modeled according to scientists most approved methods for the conservation of ice—built like a steel vault — handsome in appearance — strictly sanitary in every arrangement. ## SENATOR KNOX TO BRING RESOLUTION UP IN SENATE

(Continued From Page 1.)

taken a stand for this league. Mr. Hays (the Republican national chairman) says this is an American question. It is, but it has two sides and on which side does he stand.

**Wants to Remain Republican.**

"I have been a Republican all my life. I would like to remain a Republican, but I would trample any platform that endorsed this treacherous scheme and I would spit upon a platform that was silent on the subject. The International Bankers may monopolize everything else in the United States, but they cannot monopolize the right to organize a new political party.

"Mr. Hays cannot commit the Republican party to neutrality. Certain Republicans don't want the party to take a definite position because they know the Democratic party is thoroly organized and that in every precinct in the United States it is fighting for the league of nations.

"Mr. Straus is around the corridors of the capitol now exerting his inuence as a Republican to get the party not to take a stand against the league. Why is he here? Whom does he represent? So far as I'm concerned it doesn't make any ifference what the Republican party does. I know there'll be a party that will stand for American rights."

In his reply Senator Hitchcock declared it was plain why the Republicans dared not take a stand against the league "because every test of public sentiment made heretofore has shown an overwhelming sentiment, Republicans as well as Democrats for the league."

The Nebraska senator gave the results of a number of newspaper and magazine polls all showing majorities for the league, and read a long list of Republican papers which he said were supporting it.

"If the Republicans defeat this treaty," Mr. Hitchcock continued, "they will find out what the sentiment of the country is."

Asked by Senator Borah if he would join in preparing a measure for a popular vote on the question the Nebraska senator replied there was no need for the treaty would have enough Republican votes to secure ratification.

**Root Recommendations.**

The ratification reservations recommended by the former secretary Root were:

1.—In advising the consenting to the ratification of the said treaty, the senate reserves and excludes from its consent the tenth article of the covenant for the league of nations, as to which the senate refuses its consent.

2.—The senate consents to the ratification of the said treaty reserving Article 10 aforesaid with the understanding that whenever two year's notice of withdrawal from the league of nations shall have been given as provided in Article 10 no claim, charge or finding that international obligations or obligations under the covenant have not been fulfilled would seem to render the two years 'notice ineffectual or to keep the power giving the natice in the league after the expiration of the time specified in the notice.

3.—Inasmuch as in agreeing to become a member of the league of nations, the United States is moved by no interest or wish to intrude upon or interfere with the political policy or international administration of any foreign state and by no existing or anticipated danger in the affairs of the American continents, but accedes to the wish of the European states that it shall join its power to theirs for the preservation of general peace, the senate consents to the ratification of the said treaty, excepting article ten aforesaid, with the understanding that nothing therein contained shall be construed to imply a relinquishment by the United States of America of its traditional attitude towards purely American questions or to require the submission of its policy regarding questions which it deems to be purely American questions to the decision or recommendation of other powers.

"This reservation and these expressions of understanding," wrote Mr. Root, "are in accordance with long established precedents in the making of treaties. When included in the instrument of ratification they will not require a re-opening of negotiation but if none of the other signatories expressly objects to the ratification with such limitations the treaty stands as limited between the United States and the other powers."

**DR. C. C. COCHRAN RETURNS FROM NEW YORK**

Dr. C. C. Cochran has returned from New York City where he attended the sessions of the gathering of the Allied Medical Association of America. The membership exceeds 1,000 and the attendance was large and representative. The doctor read the paper referred to before his departure and it was well received. The great city was very hospitable among other things placing at the disposal of the association a boat and band of 25 pieces and escorting them to various places of interest free of charge.

The gathering was addressed by four eminent doctors of divinity, among them, Dr. C. E. Smith of Washington, D. C. Another highly interesting speaker was Dr. Elizabeth H. Muncie who, with her husband, conducts a prominent hospital in the city. The lady said in her address that she always tried to get her patients in touch with their Maker and to regard their souls' welfare and often with good results. There were addresses by many eminent members of the profession and in general the meetings were very profitable to all in attendance.

Great credit is due the president, Dr. Ignatz Meyer of Detroit, who spared neither time nor money in making the affair a success. He and the worthy secretary, Dr. Ottofy of St. Louis, were unanimously chosen to succeed themselves.

## MANY WILL GO TO MATANZAS

**Camp Fire Girls and Wigwam Boys Will Be Members of Party—Program . .Outlined For Each Day.**

A number of Jacksonville residents will be in camp at Lake Matanzas for the n ext two weeks. Members of the Yojasovi Camp Fire to the number of sixteen will be in the party, as will the same number from the Jasovi camp fire. In addition to these there will be seven members of the Wigwam club and ten or twelve other persons. The campers will be under the direction of Rev. W. E. Collins, who will be assisted by Chaplain Paul Reynolds. Some of the campers left Saturday afternoon and the other will leave Monday morning.

A glance at the schedule which appears below will indicate how full will be each day's program. There will be physical activities and entertainment features of various kinds, and it is also the intention to have some work in pageantry and dramatics. One interesting feature will be the daily newspaper News items, jokes, etc., will be contributed by each group or camp fire and this collection will be read each evening about the camp fire. A copy of each issue of this "newspaper" will be kept and it is proposed to have them mimeographed and a copy furnished to each member.

The following is the outline of the daily program:

6:30—Reveille.
7:00—Breakfast.
8:00—Group meetings.
8:30—Open hour.
9:00 to 10:15—Mass athletics.
10:15 to 11:30—Swimming.
11:30—Recall.
12:00—Dinner.
1:30 to 5:30—river excursions with fleet of boats, hikes, swimming, fishing, etc.
6:00—Supper.
8:00—Camp fire.

## REVOKE LICENSE OF ILLINOIS MERCHANT

NEW YORK, June 21.—The United States food administration announced here today that the license of C. H. Wayne of Reynolds, Ill., had been revoked until further notice for violating the section of the food control act which makes it unlawful to hoard grain and certain other commodities. Mr. Wayne is alleged to have stored grain for speculative purposes at a time when a corn shortage existed.

The revocation became effective at noon today. A hearing recently in Washington indicated, the announcement says, that Mr. Wayne "took delivery under contract for May corn agregating 345,000 bushels at a time when that amount of corn represented approximately half the corn available in public warehouses in Chicago," and that he purchased more than 400,000 bushels of July corn, a small part of which he has since sold. He admitted at the hearing, the statement adds, that he was holding his cash and July corn not for any industrial purposes but for speculative resale.

**CALL FOUR DAY CONFERENCE**

Springfield, Ill., June 21.—A four day conference of county school superintendents of the state caled for the purpose of discussing legislation passed by the general assembly will convene in the hall of the House of Represntatives Monday eveing .Francis Blair, superintendent of public instruction will preside.

**CAR STRIKE PROBABLE**

Davenport, Ia., June 21.—The probaobility of a complete tie-up of the street railways of Davenport Rock Island, Moline, East Moline, Bettendorf and Silvis and the Clinton and Muscatine interurban lines Sunday or Monday was forecasted early this morning when the operating company indicated that it would not accept terms of the arbritration.

**MOVE TO STOP FIGHT**

New York, June 21.—Every state superintendent of the Presbyterian board of home mission is urged in telegrams sent out from the board's headquarters here to send messages immediately to congress asking that Gov. Cox of Ohio be asked to forbid "desecration' of the Nation's Holiday thru the holding of the Willard-Dempsey fight July 4th.

**CONDITION OF BANKS.**

New York, June 21.—The actual condition of clearing house banks and trust companies for the week shows that they hold $30,408,530 reserve in excess of legal requirements. This is an increase of $31 064,500 from last week.

## MISS FRANCES SCOTT WEDS MR. MOTLEY

**Nuptials Solemnized at Noon Saturday at Country Home of Bride's Mother—Groom Identified With Missionary Work.**

The marriage of Miss Frances Marie Scott and Rev. Ernest Ballard Motley of Richmond, Va., was solemnized Saturday at noon at "The Oakes" the country home of the bride's mother, Mrs. Belle Sulett Scott. The ceremony was performed on the beautiful lawn at the Scott home, the Rev. William F. Rothenberger officiating.

The wedding march was played by Mrs. Joseph Johnson, a sister of the bride, and the flower girl was little Helen Frances Johnson, the bride's niece. A great profusion of home-grown roses was used in the decorations, and the whole scene was one of great beauty. The bride was attired in a handsome gown of white net with satin trimmings. The ceremony was witnessed by a large company of relatives and friends, and was followed by a lap breakfast served on the lawn.

The bride was born at Vevay, Ind. but has made her home in this county for a number of years. She received her education in the public schools here and later graduated from the high school and the University of Illinois. She was deservedly popular in school and college circles and was a member of the Gamma Phi Beta and Phi Beta Kappa societies. Mrs. Motley was a teacher in the Jacksonville high school for several terms and for the past two years has taught at Oak Park, Ill., and has been very successful in her work. A young woman of charming personality and strong character Mrs. Motley will be an admirable minister's wife.

The groom, who was born and reared in Chatham, Va., was graduated from the high school there and later from Christian college, Lynchburg, Va., receiving his degree from the latter institution in 1908. He is also a graduate of Transylvania College and received the B. D. degree from the Vanderbilt university. Following his college career he held pastorates in Virginia and Kentucky and is now superintendent of missions of the Virginia Christian Missionary society, with headquarters at Richmond.

Mr. and Mrs. Motley left on the 3:15 C. & A. train for Chatham Pa., where they will visit with relatives of the groom and later will proceed to their new home at Richmond.

Among those here from out of the city to witness the ceremony were Dr. and Mrs. G. A. Hulett of Springfield; Mr. and Mrs. Thomas Montgomery of Hersman and Harold Montgomery of Chicago.

Have you seen a picture of the Allied Council at work in the Hall of Mirrors at Versailles—if not, look it up and study it.

Those men, from the President of the United States down to the representative of the tiniest nation, absolutely are immaculate in their dress.

Does this tell you nothing?

It means that the minds of great men, the world over, recognize that it is the custom of civilization to appear well groomed.

We have in stock a large quantity of fine woolens and summer fabrics which we should like to show you.

Our business is growing rapidly — Jacksonville is growing rapidly—the bigger men, the business men and the plain citizen with broad social and business activities has to look about for better clothes than Jacksonville used to wear.

Our years of experience has enabled us to get these goods at the lowest figure. Some of them cost more money than in the old days—but price, you know is a result of world conditions and only relative.

"Intelligence" demands of the thinking man good clothes from a good shop — good fabrics from a known mill—proper style and fit as a matter of personal taste.

## EPENTANCE IS BLESSED DOCTRINE

**angelist Mitchell says Without There is no Possibility of Salvation—Strong Sermon Delivered—Program For Today.**

Another fine meeting was held t night at the Gospel tent on uth Main street. Being Saturday night the attendance was somewhat smaller than on Friday, but the interest was intense, and there were five conversions.

Evangelist Mitchell preached on "Repentance," taking his text from Acts 17:30. He had announced as his subject "If Christ should come to Chicago," but decided to postpone that till later.

Repentance, the speaker said, is one of the most blessed doctrines in the Bible, for without it there is no possibility of salvation. All the unrest and unhappiness in the world is on account of our not being in the right relation to God. New religious fads don't bring us relief. We must have old fashioned repentance and conversion.

One great trouble is, our failure to take sin seriously. Sin is the most awful thing in the universe of God. It is the great scourge of the world. God hates it. He made hell for it, and He gave His Son to die to redeem us from it.

Repentance is more than conviction. Conviction is being awakened by the alarm clock. Repentance is getting up. Sickness, death of loved ones and other providences stir us, and we feel that we ought to live better lives, but we forget all about it and live on in the same old way. Repentance is turning right about face and starting for heaven, whereas we have been headed for perdition.

Zacchaeus gives us a marvelous example of repentance. A covetous, extortionate tax-gatherer, he said to Jesus when he met Him, I'll restore fourfold to every one I've wronged. I wish everyone that's up a tree in Jacksonville would come down. Some are clinging to the card limb, some to the dancing limb, some to the swearing limb, and so on, but Jesus calls to you, as to Zacchaeous, "Come down," And if you'll come down He'll go with you to your homes, as He did with Zaccheaus.

Repentance is more than good resolutions, or even outward reformation. Paying cash from now on won't wipe out the bill the grocer already has against you, and all your good deeds from now on won't wash away past sins.

There is just one thing I know of that stirs heaven. Not our success in money making, or winning worldly honors. No the only thing the Bible tells us of that makes the angels in heaven rejoice is "one sinner that repenteth."

When the invitation was given for those who wanted to lead a Christian life to come forward, five came forward, and a number more raised their hands for prayer. The meeting closed with an earnest service of prayer and testimony.

The duet, "Have you made the World Better," sang by Mr. and Mrs. Shimer just preceding the sermon was very effective.

**Today's Services.**

Sunday school will be held at the tent at 9:30 a. m., and Evangelist Mitchell will preach at 11 a. m. At 2:30 he will lecture on "Christ and the Sporting Woman." At 6:30 at Brooklyn church he will address the young people on "Love, Courtship and Marriage." At 8 p. m., in the tent he will preach on "Hell."

**Services During the Week.**

There will be no services Monday. Tuesday night will be "Family Night," and a Bible will be given the largest family sitting together. Wednesday night will be "Young People's Night," Thursday night "Soap Night," Friday night will be "Labor Night," when all members of the trade unions are expected to be present. Saturday night will be "Farmers' Night."

## From County Agents Office

**WHEAT SCAB**

Ora T. Hamm of Concord recently brought to this office several heads of wheat badly infested with wheat scab. This is a pink fungus that causes either the spikelets, or the ntire head to die, and the grain to become white and spongy and lose the appearance of a wheat grain. A personal inspection of the wheat field, by the county agent, revealed a large percentage of the heads attacked by this disease. Seed grain should be fanned and treated with formaldeyhyde to prevent the disease.

**Ergot.**

A great deal of volunteer rye is seen in our wheat fields this season. An unusual amount of this is attacked by ergot. This disease causes the normal grain to be displaced by a large, darg, overgrown grain that bears no resemblance to a normal grain of rye. Large quantities of ergot will injure live stock.

**Common Diseases of Swine.**

This office is mailing out today a non-technical circular on common diseases of swine. Each disease is briefly discussed under causes, symptoms and first aid remedies. This circular is a part of our campaign to eradicate diseases of swine. Additional copies of this circular may be had by calling at the office.

**Farm Advisers' Conference**

The county agent will attend a conference of farm advisers at Urbana next Tuesday and Wednesday. On Tuesday afternoon a trip will be made to the experiment plots at the university farm to see the results of soil treatment and variety tests. Later in the afternoon, a multiple hitch demonstration will be staged. If any of our Morgan county farmers care to make the trip at this time, the county agent will arrange for a guide to show them over the fields and thru the buildings.

THE OLDEST SERVICE TO AUTOMOBILE OWNERS IN AMERICA

**MANY TOWNS TAKE UP COMMUNITY COUNCIL PLAN**

"What is a Community Council?" has been an oft-repeated question since, early in March, a great conference of men and women from all over the state, held at Chicago, put on the map a new state-wide organization, "The Community Councils of Illinois."

The Community Council movement is an attempt to preserve for peace-time uses the fine fellowship created during the war. Its object is to form in every community a council composed of representatives from all its existing organizations, and of public spirited men and women not affiliated with any organization, that all matters affecting the community good may be handled with the same efficiency as prevailed in war time activities, and that every good cause may have a united force behind it which shall mean its success.

Chicago is doing its part to push the movement along in Illinois, but the big majority of men and women composing the state organization committee are from other parts of the state. The officers elected at the March conference were chosen for their experience in co-ordinating the work of organizations during the war: chairman, Mr. Charles W. Folds (well known as chairman of the Liberty Loan for Chicago and Cook county, president of the United Charities, president of the Union League Club, head of the Hospital for Crippled Children, and known thruout the state for his big public spirit); vice-chairmen, Mrs. Joseph T. Bowen, who served during the war as chairman of the Woman's Committee, State Council of Defense, which co-ordinated the work of all of the women's organizations in every community; secretary, Mrs. Frank H. Funk, Bloomington, vice-president of the Illinois Federation of Women's Clubs; treasurer, Mr. B. F. Harris, Champaign, vice-chairman of the State Council of Defense. Other members of the state committee are: Judge Wm. H. Hart, Benton; Miss Margaret Lansden, Cairo; Hon. George A. Cook, Aledo; Mrs. Stuart Brown, Springfield; Mr. R. E. Hieronymous, Urbana; Mrs. Ira Couch Wood, Chicago; Mr. Duncan McDonald, Springfield; Mrs. James B. Riggs, Quincy; Mr. Cyrus Hall McCormick, Chicago; Mrs. A. L. Adams, Jacksonville; Mrs. John McEniry, Moline.

While Illinois was not the first state to get busy in the new movement—many others having taken the initiative weeks ago—it has let no grass grow under its feet since March. Allen A. Albert, probably the best known and highest paid community expert in the United States, was promptly secured as special represntative of the new organization, and since April 1 has visited 33 communities in our state to explain the method of forming new Community Councils, their big usefulness, and to assist wherever requested in the work of organization. He has been so much in demand that only a few open dates are left for the coming months, but towns interested to secur his assistance should address the state headquarters, "The Community Councils of Illinois, 411 Fine Arts Bldg., Chicago."

Community Councils already formed, or in process of forming include Moline, Jacksonville, Waukegan, Danville, Galena, Carthage, Quincy, Decatur, Summit and Argo, Streator, Havana, Elgin, Dixon, Woodstock, Springfield, DeSelm Township, iPttsfield, Marion, Galesburg, and Rock Island. A number of towns—such as Freeport, for instance—already doing good community work thru the co-operation of a few civic organizations in a central committee, have enlarged the scope of such work, after hearing Mr. Albert, and converted their central group into a real community council by inviting to membership representatives from all organizations in the town.

The sale of the James Wood property on South Main street came off yesterday with a good number of bidders. Bidding was rather lively and the price rose steadily to $6,550 when it was knocked off to Frank J. Garland who was bidding for J. C. Rook. The personal effects were sold later, Charles E. Strawn being the auctioneer. There was a good company of bidders and bidding was active realizing, in the main, very fair prices.

Stewart Pierson, the administrator, and wife, are enjoying a visit today with Mr. Pierson's mother at the John R. Robertson home on west State street.

## We Sell Implements Twice Guaranteed

**Buying Implements from Us is Like Taking a Two-Name Note —Its Safer**

No matter how well you may know a man, nor how much confidence you might have in him, if he wanted to give you his note guaranteeing future payment of a loan, you'd just a little rather have some other reliable party share the responsibility with him.

When we sell an implement, we guarantee it to be all we claim it to be.

But behind us stands the manufacturer of that implement — he shares the responsibility with us. This two-name guaranty applies to every implement we sell—no matter whether it be an engine plow or spike-tooth harrow. Big and small purchasers are protected equally.

We wouldn't handle goods of the manufacturer who wouldn't stand back of everything he claimed for them.

And so you have real assurance that you are getting just what we say you are getting when you buy from us. Both our reputation and the manufacturer's reputation are at stake.

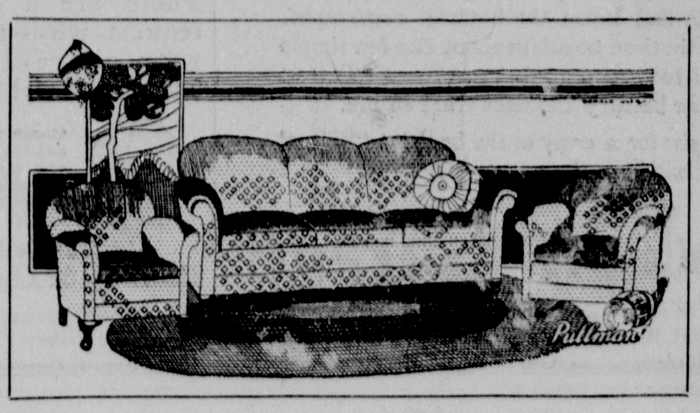

Drop around to the store some day —we want you to see what we have.

## LEGION OF HONOR TO BE ORGANIZED HERE

**Soldiers of Late War Will Bind Together for Patriotic Purpases —Stand for True Americanism.**

A post of the American Legion or Honor is to be organized in Morgan county, a committee consisting of Sergt. Carl Weber, chairman; Sergeant Jay Rodgers and George Vasconcellos having been appointed. The American Legion of Honor is an organization of soldiers of the late war and was founded in Paris by the soldiers of the A. E. F.

It is the intention of the chairman to hold an early conference of soldiers of the county, when the purposes of the Legion of Honor will be fully set forth. In some other localities the League organization is already well under way and there is every indication that the League will have a national patriotic influence.

**Purpose of the League.**

The preamble of the constitution as adopted at the St. Louis caucus an May 10 is as follows:

"For God and Country, we associate ourselves together for the following purposes:

"To uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred percent Americanism; to preserve the memories and incidents of our association in th Grat War; to inculcate a sense of individual obligation to the community, state, and nation; to combat th autocracy of both the classes and the masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness."

**Object Outlined.**

This organization shall include the following definite purposes:

1. To inculcate the duty and obligation of citizenship.
2. To preserve the history and incidents of our participation in this war.
3. To cement the ties of comradeship formed in the srvice.
4. To protect, assist and promote the general welfare of all soldiers, sailors and marines and those dependent upon them.
5. To encourage the maintenefficiency to the end that the American people shall never fail in their obligation to humanity.
6. To maintain the sacred doctrine of ,undivided and uncompromising loyalty to every principle for which the American nation stands in the belief that the doctrine should be the guiding principle of the everyday life of each citizen.

**Insignia.**

The permanent insignia of The American Legion will be decided upon by the National Convention. The State Temporary Organization Committee has adopted and copyrighted a simple button, reading as follows: American Legion, 100 per cent American, which may be worn temporarily, until the parmanent insignia has been accepted.

**Identification.**

The headquarters of the Organization committee will provide the official identification card for each qualified member of the American Legion of Illinois upon receipt of the application for charter from the local post.

**Future Plans.**

The first National Convention of the American Legion will be held in Minneapolis on November 10, 11 and 12, 1919, at which time each state will be allowed four delegates, and four alternates, and one additional delegate and alternate for each one thousand memberships paid up to thirty days prior to the date of the National Conventfon.

All posts are urged to send as large a delegation as possible to the state convention at Peoria, Oct. 17-18, but the voting power will be on the basis as stated in the paragraph above.

**Membership.**

All members shall be eligible to membership in this organization who were in the military or naval service of the United States during the period between April 6, 1917, and November 11, 1918, both dates inclusive, and all persons who served in the military or naval services of any of the governments associated with the United States during the World War, provided that they were citizens of the United States at the time of their enlistment and who are again citizens at the time of application, except those persons separated from the service under terms amounting to dishonorable discharge, and except also those persons who refused to perform their military duties on the ground of conscientious objection.

**Non-Partisan.**

While requiring that every member of the organization perform his full duty as a citizen according to his own conscience and understanding, the organization shall be absolutely non-partison and shall not be used for the dissemination of partisan principles or for the promotion of the candidacy of any person seeking public office or preferment.

**Forming the Post.**

Any local committee desiring to form a Post should communicate with the district chairman in their district and secure from him the proper application form for a provisional charter. This application for provisional charter must be signed by at least fifteen local applicants who are eligible to membership in the American Legion.

The temporary secretary will be chosen on the basis of responsibility and care and attention to details. The records of the post and its funds will be in his keeping. Care in the beginning must be used to build up a permanent and efficient organization.

In justice to those members who may be now in the American expeditionary forces or other active service, ,temporary officers of the post will be elected with a tenure of office which wil expire within thirty days after the national convention. Men now overseas or not yet discharged may be admitted as charter members up to Spt. 15.

## DEATHS

**Eads.**

Relatives in the city received word Saturday announcing the death of John T. Eads, who passed away Friday morning at 2 o'clock at his home in Grand Ridge, Ill., after an illness of several weeks. A little more than a week ago word was received that Mr. Eads' illness was serious, and a daughter, Mrs. Emma Payne of this city, went to his bedside and remained with her father until the end.

Mr. Eads was born in Morgan county March 17, 1846 and was one of ten children. When the Civil War broke out he was too young to enlist, but just as soon as he reached the required age he enlisted in the Union army and was sent to the Rock Island arsenal, where he served until the end of the war.

Deceased was for several years a resident of Beardstown, and for a time resided in Quincy. For the past several years he has been living in Grand Ridge. Besides his widow he is survived by the following children: Mrs. Emma Payne of Jacksonville, John Eads, Jr., of Chandlerville; Mrs. George Wankle of Prentice; Mrs. Sallie Harvesting of Iowa; Mrs. Daisy Harvesting of Chandlerville; Charnock and Robert Eads of Chandlerville and Mrs. Nellie Meyers of Beardstown. He is also survived by the following sisters and brother: Mrs. John Hughett of North East street, this city; Mrs. A. J. Weakley of this city, and Jonathan T. Eads of Havana, Ill.

The remains were taken to the residence of his daughter, Mrs. George Wankle, at Prentice Saturday evening. Definite arrangements for the funeral have not been completed, awaiting news of the arrival of a daughter, Mrs. Sallie Harvesting from Iowa, but it is expected that the funeral will be held either this afternoon or Monday afternoon.

**DIGGINS WILL CASE**

In a recent reference to a jury finding in the circuit court it was made to appear that the will of the late Robert Diggins had been set aside and had become void. The record shows that the jury did find that Mr. Diggins was not competent to make a will. However, a motion was made by the defendants to overrule the finding and for a new trial and this was granted, ,the court holding that the evidence did not justify the finding. The complainants are represented by J. O. Priest and Carl E. Robinson and the defendants by Bellatti, Bellatti & Moriarty.

**VACATION PLAN**

County Clerk G. L. Riggs has established a custom in his office which is very popular with the deputies. During the summer season at least, one deputy is given Saturday afternoon as a holiday. This is done alternately and while it does not interfere with the work nor the regular vacation plan of the office, accords the deputies some appreciated time for recreation.

**THE MORGAN LAKE FISH**

Mention was made recently of the number of little fish in Morgan lake and the question was raised as to their origin since all the fish died a year ago when the water supply in the lake was exhausted. The news item referred to caused a Journal reader to call attention to an article which appeared in the National Geographic magazine recently by way of explanation. This article goes on to say that kingfishers and other birds that prey on fish are known to transfer fish eggs from one body of water to another for the purpose of providing themselves with food. They have this instinct, so the magazine writer asserts.

Two or three pounds more milk in every cow's bag every day means a big extra profit at present milk prices.

This increase is possible by the use of *Purina Cow Chow Feed,* which costs only about a cent a cow more per day then the average ration.

The reason *Purina Cow Chow Feed* produces such heavy increase is that it contains 20% digestible protein (24% crude), the maximum amount a cow can assimilate and keep in the best condition.

Every ingredient used in *Purina Cow Chow* is a feed of recognized value. There is no cheap filler. Every pound yields more milk in the pail.

Try a ton and you will understand why dairymen insist on *Purina Cow Chow.*

The sum of $26.60 was realized for the benefit of the church expenses. A severe electrical and wind storm come up about the supper hour that kept many away who had expected to attend.

**Wedding Anniversary Observed.**

Mr. and Mrs. Charles A. Johnson observed their twentieth wedding anniversary at a dinner party given at the Johnson home in Lockwood Place Saturday night. Mr. Johnson made the arrangements with the Peacock Inn as caterers and the dinner was really a surprise to the hostess. The company included only members of a card club of young people, with which Mr. and Mrs. Johnson has been associated thru a number of years. It was a very delightful social occasion.

**Gave Picnic.**

Mr. and Mrs. L. O. Vaught gave a picnic supper Saturday night in honor of their niece, Helen Cleary. Just a small company was present and the hours were spent very happily as is always true with social events given at the Vaught home.

**Gave Slumber Party.**

Gertrude and Helen Tompkins daughters of Mr. and Mrs. S J. Tompkins, entertained a number of girl friends, members of "The Fun" Club at a slumber party Friday night and the festivities continued all thru Saturday. The girls assembled at the Tompkins home on West College avenue Friday for an evening dinner and it was of a very generous kind. Afterward there were games, followed by refreshments, and it was quite a late hour before quiet prevailed. Saturday morning the program included a waffle breakfast, there was dinner at noon and the little company spent the afternoon at Nichols park, enjoying a picnic supper there.

Members of the enthusiastic party, in addition to the hostesses, were Lois Harney, Caroline Doane, Maude Hackett, Helen Walton and Dorothy Million.

**Wegehoft-Richards.**

On Tuesday, June 17, Mr. Cecil H. Wegehoft of Concordia and Miss Margaret E. Richards of this city, accompanied by the mother of the latter, Miss Elizabeth Richards and sister, Miss Nina Richards, motored to Farmington, Mo., to the home of Rev. H. A. Mitchell, a cousin of Miss Richards. On Wednesday morning at 9 o'clock Miss Richards and Mr. Wegehoft were quietly married in the presence of members of the two families. An elegant Wedding breakfast was served immediately after the wedding by Mrs. Mitchell and her daughter, Miss LaVetra. The afternoon was spent motoring in the Ozark mountains and boating on Iron Mountain lake.

Mr. and Mrs. Wegehoft motored to this city on Thursday and will spend several days visiting relatives and friends. Later they will leave for Concordia and will make their future home on a farm in that vicinity.

Miss Richards is the younger daughter of Mrs. Elizabeth Richards, and has spent the past several years in this city. For some time she has been engaged in teaching work in the county schools, in which work she has been very successful. She is an active member of Grace M. E. church and for some years has been a teacher in the Sunday school there. She is a young woman of winsome, charming ways and has a host of friends who will unite in heartiest good wishes at this time.

Mr. Wegehoft has for some years engaged in farming and stock raising in the Concordia neighborhood and has achieved success in his chosen work. He is a young man of exemplary habits and has already proven his ability in a business way. He is a member of the methodist Protestant church.

The young people begin their wedded life under most happy circumstances.

Rev. Mr. Mitchell, who is the pastor of the M. E. church at Farmington, Mo., is known to a number of local people as he spent a three weeks' vacation here two years ago.

**A Battery You Don't Have to Think About—or Talk About**

If you are one of the great majority who won't even read about "electrolyte", "grids" and patent insides, you will be tickled to death to leave all that, including the care of your battery, solely to us.

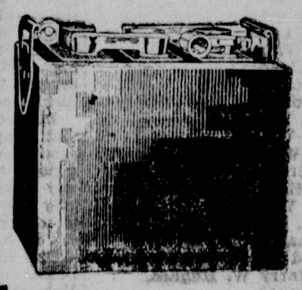

About the only angle of the battery question that seriously interests most motorists is the importance of getting one they don't have to think about or talk about.

If you feel that way, you can leave it to us to produce the evidence that Prest-O-Lite is the one battery in that class.

The Prest-O-Lite Battery has excelled in every competitive test—it has more pep, power and endurance. There is a correct size for every car.

By calling on us for free inspections and distilled water when needed, you can forget there is such a thing as battery trouble.

Even though you haven't a Prest-O-Lite on your car now, we invite you to call on us for free service. We recharge and repair all makes at right prices. A service battery is at your disposal while yours receives attention.

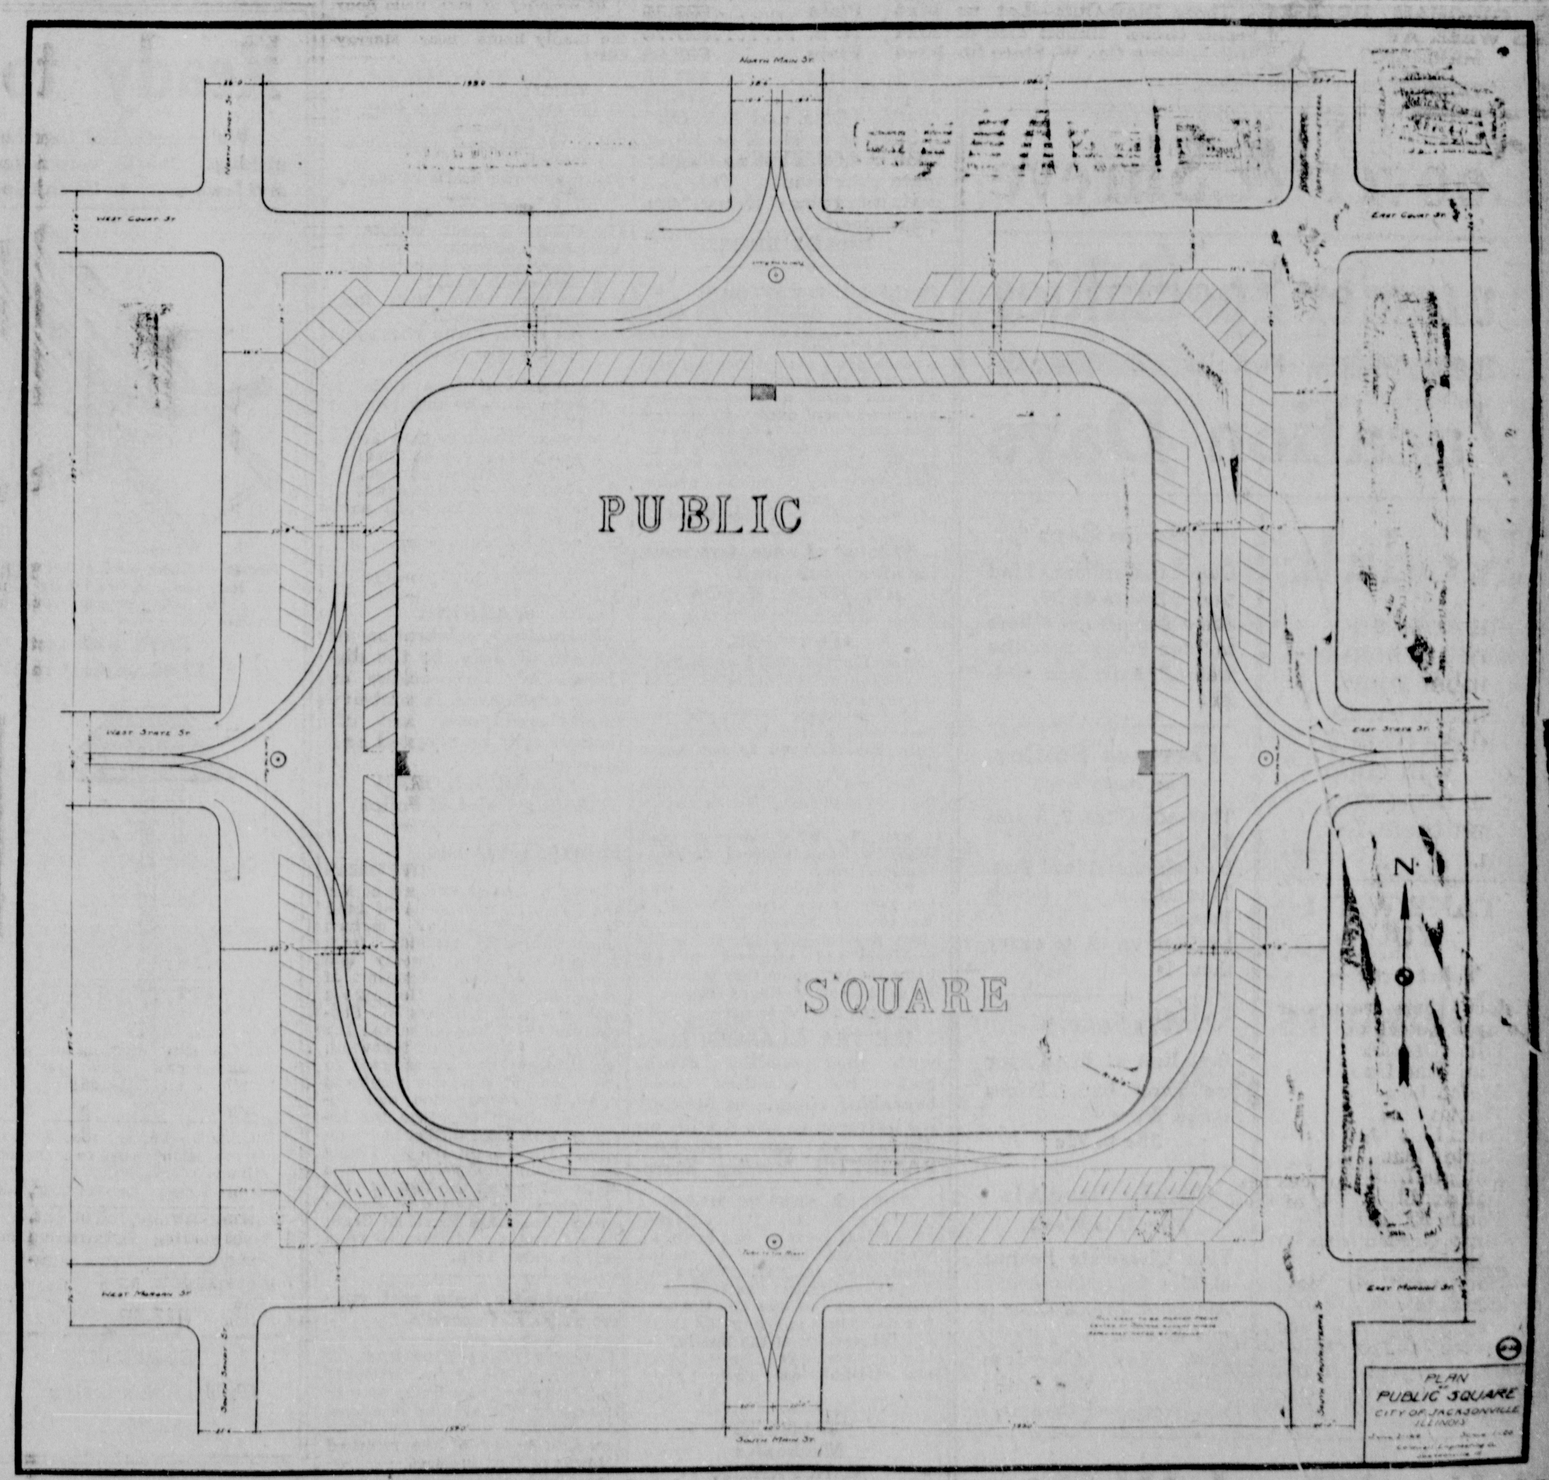

We are offering you real relief from battery worries. Give us a chance to show you how well we can serve you.

**IN MEMORIAM.**

In memory of Mrs. Belle Sooy, whose death occurred June 16, at the family home near Murrayville:

Dark is the shadow that lies on the home,
Of the loved one who is gone, no more to return.
Sad is the husband, so sorely bereaved,
And deeply the hearts of the sisters are grieved.

The children's great sorrow is silent and deep,
What availed their tears, if tears they could weep?
If tears could bring back their mother once more,
And the fatner's wild grief could his lost one restore.

For a loved one from them is gone, a voice they loved is still
A place is vacant in their home which never can be filled.
She is gone but not forgotten,
There will be a glorious dawn,
We shall meet to know no parting
On the resurrection morn.

Mrs. Mike Dowling.

## INVITATIONS SENT TO ALL SOLDIERS

**Men Who Wore the Khaki Cordially Invited to Attend Home Coming.**

This is the invitation that the committee expects to send to every Morgan county soldier and sailor wherein the home-coming committee makes it plain that Morgan county is very anxious to pay honors to her soldiers. If any person hears of a soldier who has not received a letter of invitation the committee will count it a favor to know about the omission.

This is the cordial letter of invitation:

Dear Morgan County Boy:

Our sons are coming back to us with the consciousness that they have responded to every call of duty, and that every sacrifice demanded of them has been made in the spirit of loyalty and devotion to the flag.

Morgan county is appreciative, and wishing to show its appreciation and thankfulness for what you have done for us, Morgan county will give proof to you of her joyousness in a welcome home celebration on July 4th. We wish you to be our guest on that day. We will consider it an honor if you will report to Capt. Wesley James at Armory hall on Friday, July 4th, by 10:30 a. m. We would like for you to wear your uniform, but we want you just the same if it is not possible for you to wear it. At the armory each soldier and sailor will be given a welcome home button as insignia, and these buttons will be given to no one but to those who have been in the service.

We presume that you have seen our program in the papers. The parade will proceed to Nichols Park where a chicken dinner will be given in your honor. Please let nothing keep you from attending, and if you will mail your acceptance on the enclosed postal card, it will be appreciated.

We wish it understood that all men from Morgan county who have been in the service are invited and if you know of someone who has not received a similar invitation, will you extend it to him and notify us that we may complete our record.

Yours for the Welcome Home Celebration.

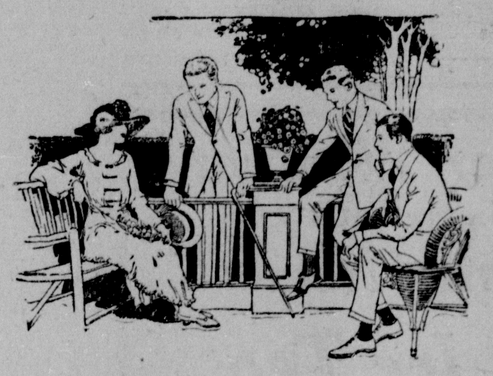

General Chairman.

**For two days, Thursday and Friday of this week, we have 200 pairs Khaka Pants we will sell at $1.35 per pair, or three pair for $4.00**

By an oversight of the manufacturers we were sent a duplicate order of 200 pairs. The manufacturers prefer taking a loss rather than have them returned, hence you can buy a $2.00 pant for $ 1.35.

We are too busy with our regular run of business to give this pant sale much time, but Thursday and Friday they go on sale and we expect to clean them up, and if you don't get in on those days its your loss.

## THESE TWO LITTLE GIRLS ARE LIVELY NOW AS CRICKETS

**Once Weak and Puny Like, Tanlac Makes Them Look Different Children.**

"It makes me feel good to see how bright and healthy my two little girls are since we started them to taking Tanlac," said H. P. Cornett, of 518 East Gandy street, Denison, Texas.

"They were both weak and puny children," he continued, "had no appetite and suffered from indigestinon and were awfully pale and thin and sallow looking. They complained of having headaches and pains in their backs, they were restless at night, had no life nor energy during the day and would not play around like other children. Medicines we gave them did not do them any good and my wife and I were greatly worried about their condition.

"Since starting them on Tanlac my two little girls are not like the same children. Both have gained in weight and are as lively as crickets, they eat hearty meals, sleep well at night and are as playful and happy as any other healthy children of their ages. Tanlac has simply done wonders for them and I am only too glad to indorse such a splendid medicine."

**INTERSTATE TOURISTS**

Yestrday afternoon a somewhat spattered Buick car stopped in front of Howard Zahn's garage for supplies and then went on its way. It was occupied by Mr. and Mrs. Charles Haynes and son, W. H. Holman all of Los Angels, California, and Mrs. A. E. Oyster of Pasadena.

The tourists were on their way to Salem, Ohio and had been on the way three weeks. They camped along the way and said they had greatly enjoyed the journey and from their looks it had certainly agreed with them. They reported a lot of bad, muddy roads but no trouble with the car except three punctures. They said their car and its load weighed 3500 pounds and of course they didn't try to make very fast time. Their outfit was ample and comfortable and they were surely tourists worthy of imitation and one thing is very certain; if they were as well supplied with money and comforts as they were with politeness and courtesy they would have no trouble for it was a real pleasure to meet such pleasant and agreable people.

**STSRENUOUS ADVERTISERS**

Yesterday afternoon a wagon containing a large load of merry children paraded the streets advertising the revival services on South Main street. "Come and hear the Gatling Gun—Hear Big Ed Sing" was the slogan on the banner carried on the wagon. After doing their work suitably the children were taken to the parlors of Mullenix & Hamilton and treated to ice cream.

## After Your Baby Is Born

**Think Now About the Time to Come Afterwards.**

When you hold in your arms your tin new infant, be sure that you can feel tha before its arrival you did all in your powe to give to it a happy pre-natal influence.

Scientists say that the thoughts and feel ngs of the expectant mother greatly affec the health and disposition of the future in fant.

For over half a century thousands of wom en who have used the time-honored rem edy, Mother's Friend, say that they entirel escaped nausea, nervousness and that pe culiar distressing feeling so usual where na ture is unaided. They thus preserved wonderfully bright and happy disposition which reflects so markedly upon the unbor child.

By the regular use of Mother's Friend th muscles are made and kept soft and elast to readily yield to nature's demand for ex pansion without the usual wrenching strain The nerves are not drawn upon, and as consequence the expectant mother is calm and serene and the nights are not disturbed with nervous twitchings, and the crisis i one of joy and happiness.

Write the Bradfield Regulator Company Dept. K, Lamar Building, Atlanta, Georgia for their Motherhood Book, of value to ever woman, and get a bottle of Mother's Friend from your druggist and begin a treatmen that will bring real results.

## ANGLO-AMERICAN ENTENTE IS NO DREAM

**Has Taken Practical Form in the Near East—American Officers Meet With Courtesy and Helping Hand Under all Circumstances.**

Constantinople—(By Mail)—The Anglo-American entente is no idle dream. Out here in the Near East it has taken practical form. Wherever an American needs help, wherever a representative or groups of American relief workers need a lift there bobs up a courteous British officer or soldier intent on cementting the entente.

Do American Red Cross personnel need to transport supplies or personnel from Athens to Rome to Constantinople, to Asia Minor, to Saloniki, the Rumanian coast? There is room aboard a British destroyer, "subchaser" or motor lorry. For meals and transportation no charge is made.

The Balkan traveler strikes a lonely town in mid-Serbia. British officers take him or her into their mess. They speed Mr. or Miss America on his or her way with a liberal supply of canned goods for the trip and place a motor truck or car at his or her disposal.

**Are Reciprocating.**

"Your people have been good to us elsewhere," they explain, "and we are only reciprocating. No charge. Chalk it up to the entente.".

Between American and British naval officers there is brotherly camaraderie. And even the "gobs" have come to the conclusion that the "limey" after all is a "pretty good old skate."

At Saloniki British officers fina our Red Cross girls most bewitching. At Belgrade American and British officers mess and knock about ensemble. In Bucharest they sit at the same tables in the cafe or watch the oneround boxing matches at the Alhambra from the same box.

In Constantinople American officers head at once upon arrival for the British officers' rest house where the meals are superfine and the Sunday night concerts as wondrous almost as the army version of "The Chocolate Soldier" in the park near the Pera Palace hotel.

In Athens officers and men of both English-speaking countries toil up to the Acropolis together and in Rome the Young Men's Christian association cinema shows and sightseeing tours for the city include both Tommies and Yanks in equal measure.

**Red Cross In Macedonia.**

In Macedonia the American Red Cross men jocularly called themselves "British Red Crossers" last winter.

"If it had not been for the British army we would have had to stop work up here during the rush-back of the deportees from Bulgaria in November, December and January," said one Red Cross man.

"I was howling anti-English before this war," added the Red Cross man, formerly a sergeant in the army, "but I'm strong for the Britishers now. They fed us, they gave us food for refugees, they turned over their army bakery at Oxilar to us, they gave us transportation by rail and put their lorries at our disposal. Anything you say about what they have done for Americans out here in the Near East is not too strong.

**Knew of Desperate Need.**

General Milne of the British army in the Balkans stood behind the American Red Cross during the four months ending February 28 when the first foodstuffs shipped by Americans for the relief of Greece reached Macedonia.

Says Major Horace S. Oakley, of Chicago: "Our whole Macedonian expedition would have collapsed had it not been for the British. The British forces had occupied eastern Macedonia and knew its desperate need."

Everywhere one goes in the Balkans one hears the same stories. Everywhere British officers and men have gone far out of their way to help Americans on their missions. American army couriers, United States food mission officers, Near East relief mission personnel in Asia Minor and Armenia and members of the Balkan commission of the American Red Cross all tell the same stories of kindness, courtesy and the helping hand.

## OFFICERS UNPOPULAR AMONG GERMANS

**Two Most Unpopular American Officers Among Germans in Coblenz are Major Cockreil and Capt. T. F. Fieker—Being Unpopular is Incidental to Duties of Office.**

Coblenz.—(Correspondence of The Associated Press.)—The two most unpopular American officers among the Germans in Coblenz are Major George Cockreil, assistant provost marshal and Captain Theodore F. Fieker, in charge of the billeting office which must furnish accommodations for something like eleven hundred officers and thousands of soldiers.

Major Cockreil, whose home is in St. Paul, is in command of more than twelve hundred military police and five to twenty or more Germans pass through his office every day on their way to jail. So among the civilians who buy stolen American food and who try to sell cognac to American soldiers and commit other acts contrary to army regulations Major Cockreil is a most unpopular man.

Sometimes he receives threatening notes and also letters in German with skull and cross bones at the bottom of the page but they do not frighten him in the least. It's all a part of the job, the major says.

Captain Fieker, who lived in Chicago before he went to war, has been going about Coblenz for five months selecting choice billets for generals and other officers and for the soldiers too. And so most of the civilians in Coblenz have had a glimpse of Captain Fieker from time to time and they do not like him one bit. Many of them tell him so, in a nice way, of course, each time he comes around.

Every house in the city has been listed in Captain Fieker's office, and he knows just how many members there are in each family and when there is a spare bedroom or two handy he takes it over for a general, a colonel, a major, a captain or a lieutenant, according to the furnishings and the location of the home. Being unpopular is incidental to the duties of the billeting officer. But the work appears to agree with him. Since he came to Germany with the Army of Occupation Captain Fieker has gained ten pounds.

### GRAND OPERA TAKES PLACE OF BULL FIGHTS

Mexico City.—The Teatro El Toro, once one of the most pretentious of bull-fight arenas, is now the home of grand opera as a result of President Carranza's decree that bull-fights should cease. Interspersing grand opera, dancers and concert artists have appeared in the arena and it is stated that these various forms of amusement will be offered until some definite action is taken as to the future of bull-fighting.

It was in this arena that what is said to be one of the most remarkable spectacles in the history of the sport was staked. A bull, El Bonito, known as one of the fiercest fighters, on being brought into the arena charged and killed three horses and injured as many men without being touched by the estoque of any matador.

As the bull stood bellowing defiance and with no one apparently willing to attack him, Miguel Balo, a picadar who was a spectator in one of the boxes, leaped unarmed into the enclosure. In his outstretched hand he carried two lumps of sugar which he nonchalantly offered to the bull. The animal suddenly ceased its bellowing and in a few moments docilely licked the sugar from Ballo's hand. The latter returned unharmed to his box amid the plaudits of the spectators.

### PRECINCT S. S. CONVENTION.

A precinct Sunday school convention is to be held at Lynnville M. E. church next Sunday afternoon, June 22, at 3 o'clock. Among the speakers will be Rev. W. E. Spoonts of Jacksonville and Rev. Alex. Cunningham of Murryville, a missionary in China who is spending some time in the U. S. Special music will be a feature.

## You and Other Discriminating Folks

should not send your work merely to "the laundry." There really are first class ones in every city and you can afford to be careful. The choice of a laundry should be made carefully and based on reasons.

The best way is to go yourself and look into the sanitary and working conditions. This laundry will heartily welcome you and take you through its BIG, SUNSHINY PLANT. You will then see just how YOUR Family Wash is done. You then will agree that the FINISHED FAMILY WASH SERVICE is safe, sanitary, and price consistent with service rendered.

# MOST TALKED OF MAN IN TOWN

Daly, the man who claims that Americans have weak stomachs and who placed his remedies on sale at Armstrong's Drug Store, seems to be attracting an unusual amount of attention.

Each day people are calling to hear about his theories and medicine in greater numbers and for the past few days the office has presented a novel sight.

A remarkable feature to an onlooker is the varied types of people whom Daly is attracting. They range from prosperous looking business men and fashionably dressed women to day laborers and their plainly dressed, hard-working wives. All rub elbows in a common sense cause—the pursuit of health or, as Daly puts it, "sound digestion."

In an interview recently, when the visitors were called to his attention, Daly said: "Why not? Because a man has a million dollars that doesn't make his stomach any better. O nthe contrary, sitting at a desk all day, riding back and forth in an automobile and stuffing himself full of rich food will put his entire system out of order as sure as fate. Most of the men and women of this class whom I meet tell me they have been seeing nerve specialists. The well-to-do seem to attribute all their troubles to nerves. It is not their nerves. It is modern conditions that have produced the thousands of half-sick people among the rich and poor alike in this city and every other city in America. It's broken down overworked, stuffed-up digestive organs—that's where the trouble is.

"I am making a lot of people realize these facts in your city. Many who are calling now have been sent here by friends. Yesterday a prominent woman said she had come because her servant told her that my medicine was doing wonders for her nerves. The remedy was sold her, and if it makes her a well woman, she will be positive it relieved her nervous trouble. As a matter of fact, there isn't a single ingredient in my formula intended to act on the nervous system. Get the digestive organs working properly and the nerve swill right themselves."

Never before i nthe history of Jacksonville has a man created so much comment as the famous Toneal Doctor, who has been demonstrating the marvelous Toneal treatment for the past week at his headquarters at the Pacific hotel. Many cures bordering upon the miraculous have been accomplished upon prominent citizens who vouch for the doctor. People who were so sick that they had given up all hope of ever getting relief at last found it in the Toneal treatment. Men, women and children speak very highly and recommended the doctor. The names and addresses of these people have been published previously in the papers and they will verify the facts in each case. They are citizens who would not allow their names to be used if it was not for an honest purpose. People who are sick should take advantage and call one day this week if they wish to consult this famous specialist. His office hours are 10 to 12 morning and 2 to 4 afternoon every day this week at the Pacific hotel.—Adv.

**MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE**

**The World Demands, Strong, Vigorous, Keen-Minded, Men and Women**

It has been said of Americans that they work their habits overtime.

Many become nervous and inefficient by overwork.

By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

**It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.**

Timidness, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves.

**People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support.**

**There** is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

**To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men now go, a superman, you must take seven tablets of Bio-feron every day for seven days—and take them faithfully.**

Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted.

**Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.**

**Bio-feron is without doubt the grandest remedy for nervous, rundown, weak, anaemic men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand many packages.**

### EIGHT HOUR DAY BILL IN SWEDEN.

Stockholm—If a proposed eight-hour-day bill becomes a law, Sweden will require 72,000 more workmen to maintan its present industrial output, according to the findings of a government investigating committee. If the additional labor cannot be obtained, the committee's report says, the value of production will be decreased by more than 650 million crowns.

In the opinion of the committee, no increase in intensity of effort would result from shortened hours of work and the cost of production would be advanced 18 per cent. New houses for the additional workers would cost, it is estimated, 350 million crowns.

## MAVERICKS

Here's hoping for a sane Fourth.

The government will sell tax stamps for liquor after July 1st but with the distinct undertsanding that the sale or manufacture of prohibited beverages is in no way authorized. We presume a lot of people will spend their good money for the stamps as souvenirs.

The headlines tell us the German government falls. It begins to look as tho the German government is about as stable as that of Russia.

A religious strike is the latest innovation and is in force in Loreto, Italy. The priests in that town are the strikers and we presume that the only religion the residents can get is non-union.

We are wondering what is going to become of all the liquor after July 1st. Under the federal ruling a man with any quantity in his possession is liable to confiscation. It is a certainty that the distillers and many wholesale dealers wil be left with some on their hands. If the quantity is large it is going to bankrupt most of them as they will have a small fortune tied up in the revenue tax alone which is $6.40 per gallon, without taking into consideration the original cost of the whiskey.

Down in Pennsylvania a number of people are trying to get a charter for the No-Tobacco Corporation, the ultimate object being to prohibit the use of tobacco in the United States. In our opinion most of the smoking tobacco of the present day would find no trouble in proving an alibi.

Evangelist Mitchell says that Jacksonville is a beauitful city with a low moral tone. Mr. Mitchell will find that many citizens who have spent their lives here will not agree with him and most of them will resent a statement that places a blot on the city's fair name.

President Wilson is expected back in the United States July 3. Now Senator Reed and Senator Sherman can get ready to celebrate the Fourth with verbal pyrotechnics.

After killing their sparring partners dead in training bouts according to press agent reports, Willard and Dempsey probably clout each other with might and main for twelve rounds without either making much of an impression on the other.

Dear Bill:—We accept your challenge, the bout to be fought at Nichols Park at high noon July 4. However, you will have to suggest some other referee as no self respecting chambermaid would have anything to do with either of us.

You'll have to Hurry.

Only NINE more shopping days.

### ROTARY CLUBS TO HONOR SOLDIERS.

Washington—Rotary clubs are planning to plant trees by the thousands in honor of the sailors and soldiers in the war. The American Forestry association is cooperating by giving certificates of registration showing the trees have been entered on the national honor roll the association is compiling. The rotary clubs will thus be able to give a certificate of registration to the nevt of kin.

At Richmond, Va., the Rotary club has plans under way for planting six thousand trees, or one for every person who entered the service of his country. At Chicago the Rotary club has submitted a plan to the Cook county board of commissioners for planting memorial trees in the Cook Company Forest Preserve. The Detroit Rotary club has planted trees as has the club at Elyria, O. The club at Washington Ind., has plans under way for a memorial grove.

In San Francisco, a "Hero Grove" has been planted by a grove committee representing every civic and religious body in the city. At Ft. Wayne, Ind., plans have been approved for a memorial grove and Milwaukee now has under way a campaign for $10,000 for transforming a park into a memorial grove. Cleveland, O., has dedicated Victory Oaks" planted along one of its boulevards.

## SERVICES OF Y. M. C. A. TO SOLDIERS LAUDED

**Characterized as One of the Most Wonderful Things of the War by Dr. Maitland Alexander—Makes Review of "Y" War Work.**

Pittsburgh, June 20.—The service rendered by the Young Men's Christian Association to American soldiers overseas is characterized as "one of the most wonderful things of the war," by Dr. Maitland Alexander, formerly moderator of the Presbyterian General Assembly. Dr. Alexander recently returned from France after serving one year as director of religious work both in American cantonments and with the army of occupation.

"In my opinion the money given to the Y. M. C. A. to carry on the war work of the association was money well spent," Dr. Alexander said.

Dr. Alexander in his review of "Y" war work, says that the organization provided enough baseball equipment for American soldiers overseas to supply beth tho National and American Leagues for 100 years, one item alone being 2,500,000 baseballs.

High points of Dr. Alexander's report show that the Y. M. C. A. established about 1,700 shops in France, more than 3,000 miles from the source of supplies; operated 50 large factories in France where biscuits, chocolate, jams and like articles were produced; conducted 20 hotels and restaurants where American soldiers and sailors were served at 50 pr cent of the cost in civilian places; provided 2,000 huts, large tents, rented buildings, dugouts and other centers as headquarters for the different units of the army and navy; conducted 920 entertainments. Ninety thousand motion picture shows were given, 4,000,000 feet of film being displayed, necessitating the use of 800 motion picture machines. Three hundred thousand soldiers have enjoyed vacations in centers established and financed by the "Y." Six hundred educators were sent overseas to establish th University in Khaki. Distributions include 5,000,000 books, 4,000,000 pieces of religious literature, 2,000,000 magazines, 10,000,000 newspapers and 1,000,000 popular song books. Thru its banking service the "Y" has enabled soldiers to make 325,000 remittances, agregating more than $20,000,000 to their families at home without charge.

## CORN STRONG THRUOUT DAY

**Optimism Regarding Peace Leads to Fresh Advances — Country Offerings Above Market.**

Chicago, June 21.—Greater optimism that Germany would sign the peace treaty led to fresh advances in the corn market. The close was nervous ¾c to 2⅝c higher with July $1.82 to $1.82½ and September $1.76⅛ to 1@1⅛c up and provisions at gains of 22c to 55c.

Altho realizing sales on the part of holders checked any tendency toward radical bulges in values, the corn market showed evident strength thruout the day. Country offerings as a rule were held slightly above the market.

Oats displayed independent firmness owing to the fact that the crop was at a critical stage, and that shorts wished to avoid open commitments over Sunday.

Proviisons were lifted by peace news and by the rise of higs and grain. Scaricity of oferings on the way up counted too as a bullish factor. Best demand was for lard.

**7 A DAY FOR 7 DAYS**
If Your Nerves Are Shaky Because of Over-Indulgence in Tobacco or Alcohol or by Excess of Any Kind, Bio-Feren is What You Need Right Away.

Don't grow old before your time, don't let nervousness wreck your happiness or chances in life. The man with strong, steady nerves is full of vigor, energy, ambition and confidence.

You can have nerves of steel, firm step, new courage and keen mind by putting your blood and nerves in first-class shape with mighty Bio-Feren, a new discovery, inexpensive and efficient.

Men and women who get up so tired in the morning that they have to drag themselves to their daily labor will in just a few days arise with clear mind, definite purpose and loads of ambition.

All you have to do is to take two Bio-Feren tablets after each meal and one at bedtime—7 a day for 7 days—then reduce to one after each meal until all are gone.

Then if your energy and endurance haven't doubled, if your mind isn't keener and eyes brighter, if you don't feel twice as ambitious as before, any druggist anywhere will return the purchase price—gladly and freely.

Bio-Feren is without doubt the grandest remedy for nervous, run-down, weak, anaemic men and women ever offered and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

**FASCINATING TEETH**
How Every Woman Can Quickly Charm Her Friends With Lovely Teeth, Clean, White and Brilliant

If you want the cleanest of white teeth and healthy gums free from disease, an easy and quick way to get both is to use a tooth paste so effective and perfect that astonishing results usually come in a week's time.

And the cost is so little. Just go to any drug or department store, and get a large tube of SENRECO TOOTH PASTE for 35 cents.

Not only will it make your teeth clean and white, but it will at once remove any filmy coating, help to check the ravages of Pyorrhea and banish acidity in the mouth.

It is used by thousands of dentists and its sale has been remarkable. When you visit your dentist, which you should do at least twice a year, ask him about SENRECO. It's a most delightful and refreshing tooth paste.

MAN! MAN!
Don't you want to be cool at home? Do you want your wife and kiddies to be cool—as cool as you are in the office.
You Bet You Do!
Is there any good reason why an electric fan will keep your store or office cool — and not your home?
Of Course There Isn't!
Then for comfort's sake get the fan and use it. You'll hardly know the difference in your light bills.

## STOCK LIST MAKES FURTHER ADVANCES

**Assumption of Early Acceptance of Peace Terms by Germany Enlivens Session.**

New York, June 21.—On the assumption of an early acceptance by Germany of the peace terms today's two hour session of the stock exchange was enlivened by a further advance of the general list especially the bettr known speculative favorites.

The fairly large turnover converged to the usual extent around motors, oils, shippings and equipments.

Extreme gains ranged from 2 to 8 points, the automobole division and kindred accessories making the strongest showing. The market closed strong in the main. Sales amounted to 775,000 shares.

The reaction of the early week when stringent monetary conditions prevailed had reflected in the weekly bank statement which show eda contraction of more than $205,000,000 in actual loans, almost correcting the heavy expansion of the past fortnight and an increase of slightly more than 31,000,000 in excessive reserves, wiping out last week's deficit. Trading in bonds was nominal with slight altrations in the domestic and foreign issues.

Total sales (par value) agregated $3,325,000.

## The Great Outdoors

In summer it is a splendid treat to leave the noisy, sweltering city far behind you and get out into the "Open Place" where the air is pure and nature looks at her best. It means healthy recreation for every member of the family. It means better spirits, stronger lungs, brighter faces and keener appetites. It means a new conception of the joy of living.

A Paige five-passenger "Linwood" will make such excursions possible with maximum comfort and minimum expense. That powerful six-cylinder motor is unfailing—the spring suspension turns every road into a Boulevard. All you need is a little gasoline, oil and water. You can then depend upon your car to do the rest.

## ALBANIA DESIRES SELF GOVERNMENT

**Wants Nothing from Peace Conference but Its Liberty—Need of Clothing and Medical Help is Practically Universal.**

Tirana, Albania.—(By Mail.)—Albania desires nothing from the peace conference except its liberty.

It wants neither mandates nor protectorates but simply self-government. The simple mountaineers trust the soldiers of no nation and the presence of foreign uniforms in their mountain fastnesses serves only to goad them into revolt against the invader.

The only uniform which is welcomed is the American. Albanians associate the American uniform, whether it be that of an army officer of the Hoover Food Mission or the American Red Cross with charity and the helping hand. The put the broadest interpretation upon the entry of the American Red Cross into their country and see in it a sign that America will back them up in their claims for independence.

The harvest of 1918 fortunately was very abundant in Albania and thus the country escaped a serious shortage of food. However, the need of medical help and of clothing is universal. The mountain people have practically speaking no doctors and no medicines. When they take sick they lie down on the dirt floors of their houses and are covered with blankets by their friends, there either to recover or die. Tuberculosis and malaria are the commonest diseases. There is much mal-nutrition from improper feeding, especially among the children.

Although they have no trust in their own physicians the natives will swallow without hesitation any kind of a pill or draught from an American Red Cross doctor or nurse. American doctors and nurses are welcomed into Mohemmedan homes where other Christians would not be admitted. Mohammedan women submit to operations by American doctors where before they lay down and died rather than have a foreigner touch them. Albanian mountaineers carry their children on donkey back for hundreds of miles over the mountains to the nearest American Red Cross station. In short, Albanians have implicit confidence in Americans.

The Red Cross has opened dispensaries at Tirana, Suctari, Elbasan, Kroia and Berat. In addition mobile dispensary units travel thruout the country, nurses and doctors carrying their supplies, food and bedding on donkey-back over the steep mountain paths. Albanian doctors and young women are being trained in American medical methods and when the Red Cross leaves Albania American supplies will be left behind for their use.

**PRIVATE O'CONNELL WRITES FROM GERMANY.**

Coblenz, Germany,
May 17, 1919.

Dear Mother:-

I will write you a few lines to let you know that I am well and hope this finds you all the same.

I am also sending you some views of the city of Coblenz. I have been in Coblenz now for the past week. It is a nice city but we leave here next Tuesday. We are in a regiment now that was picked for a model regiment of the army of occupation to parade in the different countries over here. We leave here next Tuesday for London to parade for the king and queen on the 26th of this month. Then we go to Brussels, Belgium to parade on the 29th, then I think we will go to Paris and to Italy but I am not sure. I think our division is to start home soon but I will not be with it. I hate it on your account, Mama, but I couldn't help it we had to go when they wanted us. It will be a little tiresome but we will see lots of the country. George Burns and a Brockhouse boy from Chapin are with me. A fellow had to be five feet ten inches to go. It is some bunch of big men. We are busy and don't have much time to write, but I will write to you as often as I can. If you don't write any more from here I will try and write from England. I haven't got any mail for about a week, but I hear there is some out at the camp for us now. I don't think we will get much of our mail now on account of moving all the time. I don't want you to be worrying about me, Mama, I will be home some time but I don't know when, the regiment was picked from the first second, third, fourth, fifth and sixth divisions. There were just fourteen men picked from our company, so it is an honor to get to go. But I guess it will make you feel kind of bad to know the division is going home and I am not with it. I guess I won't get to write to many of the rest of them. So tell them where I am. I will explain the views when I get home. We are along the bank of the Rhine River now. I am in a K. C. building now. I guess I won't get to go to mass much now but will do the best I can.

Well, Mama, as I am in a hurry tonight, I will give you my address and close, hoping to hear from you soon. I remain.

Your Son,
Private Clarence F. O'Connell,
Co. L, 3rd Army,
American Composite Regiment
American Expeditionary Forces,
A. P. O. 927.

**SEARCH FOR LOST TREASURES OF BANDIT.**

Mexico City—Search for the lost treasures of the bandit Chavez Garcia, who, before his sudden death from influenza last fall, was said to have buried large quantities of loot in the mountains of Michoacan, has almost been discontinued, with the location of the treasure still a mystery. It was reported that Garcia buried much of his loot in a labyrinthian cave near Jenjamillo, Michoacan, and the people of that village for months have maintained an enthusiastic but futile search for it. A similar search was made in the state of Durango where Tomas Urbina, another bandit, was said to have hidden a large amount of stolen goods.

## BEGGARS TAKE UP FORMER PROFESSION

**Again Occupy Flights of Steps Leading to Church in Rome—Position Vacated During the War for Lack of Patronage.**

Rome, — (Correspondence of the Associated Press)—The picturesque galaxy of beggers who had by a sort of hereditary succession occupied the flights of steps leading from the Piazza di Spagna to the church of Trinita de Montion on the Pincio, who have been from time to time the topic of authors like Dickens and Hawthorne and who, for lack of patronage during the war vacated the steps, are one by one taking up positions along the broad stone stairway again.

While the beggars are full-fledged descendants of their mendicant ancestors they are not nearly as picturesque. They come no more with their pretty, brown velvets in breeches and short waisted coats. They are not accoutred in the dress of the Italian operatic peasant. They lack the striking qualities which color gives and they have abandoned the romance of the historic and ancient attires.

The new arrivals wear the apparel of a western charity seeker. Their linen is not clean, though their clothes are of modern, comparatively modern, models. They are not unlike American beggars but not nearly as finished in securing their alms and putting forth their case. It is said they regard their career on the steps as a profession and expect alms because they are beggars providing soothing balm for the troubled souls whom they seek to make belie, "It is more blessed to give than to receive."

Among them the artists can find many examples for their paintings of "Holy Families." Some begging mothers bring all their offspring with them as an additional evidence of their right of possession of the steps. The children play with each other, unconscious that their mission there is to attract the pity of the passing pedestrian. It would appear that the children were posing for a picture of "Domestic Happiness."

## ENGLISH SKIPPERS IN PROFITABLE BUSINESS

**Are Piling Up Fortunes From Fish—Many of Them For Several Years Have Netted From $40,000 to $50,000 Annually.**

Hull, Eng.—(Correspondence of the Associated Press)—Fortunes from fish are being piled up by skippers operating out of Hull. All through the war their profits were so tremendous that they now constitute a kind of local plutocracy. They have town houses and country houses and garages filled with motors cars.

There are now about ninety skippers working their vessels out of this port. The majority are rough sailors, with a rule-of-thumb knowledge of navigation, and curious ideas about the best way to spend their huge earnings.

For several years many of them have been getting from $40,000 to $50,000 annually. One is said to have averaged close on to $60,000.

A record is held by the skipper of a trawler which last fall made the Iceland voyage twice within six week, returning from the first trip with a little less than $100,000 worth of fish, and from the second with a little more than that amount. The skipper's net profit from the two trips was something like $20,000. The second voyage lasted only seventeen days.

Owners of the fishing craft, who take none of the risks the skipper face, made even more money. A boat which hardly would have been thought worth sending to sea before the war can be counted on now to bring in net profits at the rate of more than $100,000 a year. Wild speculations are going on in trawlers, the boats changing hands at ridiculous prices.

It is a gamble against time, for when the trawlers now engaged in mine-sweeping are released from that work the fishing fleet here will be tripled and fish profits will drop accordingly.

Paris.—Cheap meals can still be had in Paris tho it is given to few to solve the problem. The General Association of Paris students (known to its members as the "A") has succeeded in providing a dinner for the equivalent of forty cents. It consists of an hors d'oeuvre or soup, meat with a vegetable, one vegetable as a course, and a desert. Unlimited bread, and a serviette are given but no wine. Two hundred students took part in the inaugural meal.

**JAPAN MAY BE LEFT IN ISOLATED POSITION.**

Tokio— Nakahashi, minister of education, recently pointed out in a speech at a political meeting that Japan may be left in an isolated position with relation to the great powers. He said: "Russia and Germany are now ruined and there are only three great powers in the west, Great Britain, France and America. These three powers can easily get together because their language and strength are about the same, but Japan being of a different race may have to stand absolutely alone.

"Japan, therefore, must provide against this by regulating her finance and strengthening her national defense."

Oren McCormick and son of Waverly were numbered among the local business visitors Saturday.

## Ask an Owner

A Motor Truck represents an investment in hauling equipment. The truck that does the work year in and year out at the lowest cost proves to be the best investment. Ask any owner of an International Motor Truck and he will tell you the International cuts the cost of hauling dow nto the lowest practical point.

International first cost is low because of quantity production. Quality is maintained at a high standard because every important part of the truck is manufactured and each truck assembled in one great factory under centralized supervision. Every lot of material of every kind is subjected to the most rigid tests, and unless it passes those tests it is discarded. No inferior material or workmanship gets into

## *International*

### *Motor Trucks*

These things are done because the International Harvester organization is building not alone for the present but for the future. We want every International Motor Truck owner to feel that he has the best truck he can buy and to be able to prove it at any time by any fair test that can be suggested or proposed.

Some day you will buy a motor truck. If you are the kind of a man that is not satisfied with anything but the most economical truck for hauling and delivery work, drop us a line, call up, or come in and see us. The more you know about motor trucks, the quicker we can convince you that the International is a mighty good truck to own. There is a style and size to meet almost every hauling requirement.
